## **Groninger Volksverhalen:**

**The Dutch World of Washington Irving** Elisabeth Paling Funk, 2025-06-15 The Dutch World of Washington Irving tells an alternative origin story of American literary culture In December of 1809 before finding fame with Rip Van Winkle and The Legend of Sleepy Hollow Washington Irving published his satirical A History of New York from the Beginning of the World to the End of the Dutch Dynasty under the pseudonym Diedrich Knickerbocker Elisabeth Paling Funk explains that the History of New York and the Hudson Valley folktales that followed were part of an early trend of responding to the national desire for a historical record Funk argues that these works uniquely describe this part of the American scene in the period of the Early Republic and bring forward the Dutch strain in its history and culture Funk explores what the young Irving would have read heard and observed during his early life and career in New York City once part of the former colony of New Netherland where he was surrounded by Dutch speaking neighbors and relatives and Dutch literature Based on these sources The Dutch World of Washington Irving argues that Irving s Knickerbocker works not only his History but also his Hudson Valley stories represent a crucial effort to preserve Dutch life and folk customs in the Hudson Valley in the face of Anglo Americanization Providing the first complete glossary of Irving s Dutch vocabulary and drawing on untranslated Dutch sources Funk offers cultural historians scholars of American folklore and literature and the latest generation of Irving s readers unprecedented access into the Dutch world of Washington Irving and his American contemporaries **Werewolf**

**Legends** Willem de Blécourt, Mirjam Mencej, 2023-09-30 This book brings together contributions from anthropologists and folklorists on werewolf legends from all over Europe Ranging from broad overviews to specific case studies their chapters highlight the similarities and differences between werewolf narratives in different areas and attempt to explain them The result of interaction between elite and popular culture local and external influences and nature and culture that lasted several centuries or even more nineteenth to twenty first century werewolf legends represent a kaleidoscope of the darker sides of human life
