HUGE but what about the competition You can type any word or phrase in the search box and Google s will throw up millions of links in a matter of seconds Will your target audience go through all of them Definitely NOT In fact less than 20% of searchers bother going to even the second page of the search results The only way your online business or website is going to get noticed is if you are on the FIRST page The only thing that can help you achieve this is search engine optimization or SEO You can set up a simple website for less than 700 But how do you get people to know that your internet business exists Of course your current customers can be informed about your site But wouldn t you like to grow your customer base What if there was a way to make your business stand out and not go unnoticed What if this way was the most cost effective internet marketing strategy STOP firing in the dark It s time you adopted a focused and powerful strategy for your website Get to know about the single most powerful marketing tool that you can implement with ease Learn the no risk way to become world famous Let the professionals teach you how to increase relevant traffic to your website Avoid the mistakes that are most commonly made and protect your business from being categorized as spam by search engines Learn about the most cost effective way of getting ahead of competition You invest once and reap the benefits for years to come Improve your page ranking boost your sales and increase your profits Let people who are actively looking for your product find you easily Learn how to attract the right traffic and analyze their behavior to convert more and more visitors into buyers Give the visitors to your website the best user experience and keep them coming back Get a deeper insight into the workings of search engines Make your website a benchmark for user experience and conversion Position your business for long term success **Learn Seo** Darren Varndell,2014-10-31 SEO Books for 2015Have you ever wanted to learn how to tap into the vast stream of FREE traffic offered by Google and other major search engines but found it too complicated or confusing Well you are not alone If you have looked into Search Engine Optimization SEO techniques but failed to get the traffic your website deserves you know that learning SEO can be confusing especially for a beginner There is a lot of advice available online but much of it is out of date too technical or involves spammy software techniques or services Learn SEO Beginners Guide to Search Engine Optimization brings you an easy to understand step by step beginner s guide to learning search engine optimization based on years of experience in the industry and fully up to date for the SEO challenges that face webmasters for 2015 and beyond In a series of easy to follow tutorials you will learn how to Uncover the traffic generating money making keywords for your market or niche Search Engine Optimize your website or blog to tap into maximum traffic from major search engines Use dozens of effective insider optimization techniques that normally take years of learning to master Create quality content that your website readers and search engines will love Use Social Media Marketing SMM to boost your website audience and brand Enhance the quality and speed of your website Google loves fast sites with quality content Troubleshoot ranking problems and penalties Providing clear explanations on every important ranking factor and other vital aspects of Search Engine Optimization you can improve your rankings boost traffic and ultimately sales by learning the straight forward SEO

techniques presented in this book. If the SEO practices you have been putting your faith in were produced prior to September 2012, you could be following outdated advice that will get your site penalized or even removed from the Google index. Completely, Google made some major algorithm changes in 2011 and more significant changes in 2012 with further updates rolled out in 2013 and 2014. Google has declared war on some previous Search Optimization strategies that were accepted as standard practice for SEO prior to 2012 that could now be considered black hat or simply no longer effective. Learn SEO 2015 Edition will show you what you can do safely in order to boost your search rankings and outlines the practices you should avoid during the process. Use the Look Inside option above for a preview.
