from the auteur himself or industry PR machines that the presence of an auteur who is also a fan means the product is worth consuming. Such claims that fan credentials guarantee quality are often contested with fans and critics alike rejecting various auteur figures as the true leader of their respective franchises. That split between assertions of fan and auteur status and acceptance or not of that status is key to unravelling the fan auteur. In *A Portrait of the Auteur as Fanboy: The Construction of Authorship in Transmedia Franchises*, authors Anastasia Salter and Mel Stanfill examine this phenomenon through a series of case studies featuring fanboys. The volume discusses both popular fanboys such as J.J. Abrams, Kevin Smith and Joss Whedon as well as fangirls like J.K. Rowling, E.L. James and Patty Jenkins and dissects how the fanboy/fangirl auteur dichotomy is constructed and defended by popular media and fans in online spaces and how this discourse has played in maintaining the exclusionary status quo of geek culture. This book is particularly timely given current discourse including such incidents as the controversy surrounding Joss Whedon's so-called feminism, the publication of *Harry Potter and the Cursed Child* and contestation over authorial voices in the DC cinematic universe as well as broader conversations about toxic masculinity and sexual harassment in Hollywood.

Global Manga, Casey Brienza, 2016-03-09. Outside Japan the term manga usually refers to comics originally published in Japan. Yet nowadays many publications labelled manga are not translations of Japanese works but rather have been wholly conceived and created elsewhere. These comics, although often derided and dismissed as fake manga, represent an important but understudied global cultural phenomenon which controversially may even point to a future of Japanese comics without Japan. This book takes seriously the political economy and cultural production of this so-called global manga produced throughout the Americas, Europe and Asia and explores the conditions under which it arises and flourishes, what counts as manga and who gets to decide the implications of global manga for contemporary economies of cultural and creative labour, the ways in which it is shaped by or mixes with local cultural forms and contexts and ultimately what it means for manga to be authentically Japanese in the first place. Presenting new empirical research on the production of global manga culture from scholars across the humanities and social sciences as well as first person pieces and historical overviews written by global manga artists and industry insiders, *Global Manga* will appeal to scholars of cultural and media studies, Japanese studies and popular and visual culture.

Boys' Life, 1969-10. *Boys' Life* is the official youth magazine for the Boy Scouts of America. Published since 1911 it contains a proven mix of news, nature, sports, history, fiction, science, comics and Scouting.

Judges, Athena E. Gorospe, Charles R. Ringma, 2016-07-31. The book of *Judges* marks an important transition in the life of Israel. It shows the cycle of deviancy and repentance, heroic actions and social collapse, the misuse of power and the marginalization of God. This commentary seeks to help readers navigate the many strange stories and characters of *Judges* by providing an overall framework for reading it and by explaining a way of entering its stories so that they can be appropriated in an Asian context. This commentary challenges the reader to pray and work for a spiritual revitalization, building a new social fabric in a world marked by injustice, pragmatism and the loss of a God-centered way of life.

Uncover the mysteries within Crafted by is enigmatic creation, **Growing Circle 3 Comic** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *).
