**How to Grow Herbs at Home** Betsy Smith,2017-10-06 The book guides the readers from the very basics and beginnings of starting an herb garden till the very end steps of harvesting and preservation Essentially everything a home gardener is required to know about herbs and herb gardening is provided in this book The author of How to grow herbs at home Grow a never ending supply of herbs that you can use your herb scissors on hopes to intrigue readers and encourage them to try their hand at herb gardening The author insists that one does not need green fingers to be able to successfully create a thriving herb garden It only takes common sense determination and basic knowledge of gardening and herbs to create a beautiful and healthy garden The book gently guides readers through a multitude of gardening processes and methods along with important advice tips and little known tricks The book aims to fuel the readers creativity and imagination and help them realize that herb gardening does not necessarily have to be hard work It can be fun therapeutic and extremely useful in countless ways if done correctly The most attractive thing about an herb garden is that it serves more than one purpose It serves to decorate your house and add a faint fragrance to it it allows you to get in touch with nature and it also allows you to harvest herbs for innumerable medicinal and culinary purposes The book is a comprehensive guide allowing readers to understand all the basics and details of herb gardening without making beginners feel intimidated or discouraged The chapters in the book are arranged in a manner that is clear and uncomplicated starting with the basics of gardening and then gradually delving into greater depth The author believes that health and nature are two things that are greatly ignored in today s world Herb gardening is an effective way to

get in touch with both The miraculous healing powers of herbs are well known and home gardeners can create their own powerful medicines with herbs picked from their own backyard Similarly herbs have been widely used in foods and drinks even desserts and breads Imagine baking your own herbal bread or simply creating a sumptuous pesto sauce Herb gardening allows one the freedom to do all this and more While store bought herbs can sometimes be expensive and often not as effective as naturally grown freshly picked herbs from a herb garden allows the readers to take care of themselves and our families allowing for a lifestyle that is healthy happy and active Readers are encouraged to explore the herbal lifestyle and as they ll find in this book doing so need not necessarily be expensive Those who believe that they do not have enough free time or enough free space to start a garden will find solutions to these problems in the book too Indeed the book attempts to answer almost any question a beginner herb gardener will have and at the same time provides little known knowledge that would be useful to experienced gardeners Towards the end readers are provided a bonus chapter on preserving herbs There is little point in growing an herb garden if one does not know how to harvest and preserve the herbs for use in the future The author provides readers with several unbelievably easy methods that ll allow them to efficiently preserve the harvested herbs for several months Buy It Now **Growing Herbs for Beginners** Aaron Martinez,2020-06-18 Live a Healthy Lifestyle by Growing Your Own Premium Quality Herbs in Your Home and Also Generate an Income by Doing so Do you want to live a healthy life by eating fresh produce that is premium quality and organic Are you looking for a way to grow your own herbs for self consumption and profit If you answered yes to any of these questions keep reading It is important to be in good health and at the peak of vitality One of the best ways of doing so is to eat healthy and fresh produce However the vegetables that you find at your neighbourhood store have been there for a while A better option is to grow your own cheaply and organically and have the supply ready whenever you want However not many people know how to achieve this Growing your own herbs is an art form If done right you will get high quality and high yield You also get crops that are personally cared for and are free of pesticides If you wish you can even sell them for a profit and generate a side income for yourself This book will guide you along the process so you can run a sustainable operation and enjoy the experience even if you have never cultivated herbs before Here s a preview of this amazing book and what else you ll learn What are herbs why are they good for you and how do you grow them What are the resources that you need to grow your own herbs what are the considerations you need to make before growing them What is the process to grow herb and what are the different types of herbs Growing your herbs caring for them and protecting them from pests and bugs How to include herbs in your diet and what are the popular cuisine recipes How can you make money from growing herbs and what are the most common types of herbs you can cultivate And much more You deserve to live a well balanced life By learning to grow your own herbs you can set to pursue a lifelong hobby and make money along the way Having your own produce will also mean that you have it available at all times and not going to the store to find it out of stock or being more expensive This book will be your indispensable guide to

achieve self sufficiency enjoy the experience and profit from it So scroll up and click the Buy now with 1 click button and let s get started
