## **Grundgesetz Fr Bundesrepublik Deutschland 1987:**

*Totalitarianism and Political Religions, Volume 1* Hans Maier, 2004-10-14 This book shows how new models by which to understand political history arose from the experience of modern despotic regimes Here the totalitarianism and political religions are discussed and tested in terms of their usefulness

*The Federal Republic of Germany since 1949* Klaus Larres, Panikos Panayi, 2014-08-27 Today the problems of reunification seem to feature more often in the international spotlight than the benefits This timely volume offers a reassessment of Germany's postwar development from its inception through to reunification including a thorough examination of the implications for economic political and social policies The impressive team of contributors include leading names in the history of modern Germany together with some of the ablest younger scholars in the field They are Hartmut Berghoff David Childs Immanuel Geiss Graham Hallett Klaus Larres Terry McNeill Torsten Opelland Richard Overy Stephen Padgett Panikos Panayi and Mathias Siekmeier

*Helmut Kohl's Quest for Normality* Christian Wicke, 2015-02-01 During his political career Helmut Kohl used his own life story to promote a normalization of German nationalism and to overcome the stigma of the Nazi period In the context of the cold war and the memory of the fascist past he was able to exploit the combination of his religious generational regional and educational he has a PhD in History experiences by connecting nationalist ideas to particular biographical narratives Kohl presented himself as the embodiment of normality a de radicalized German nationalism which was intended to eclipse any anti Western and post national peculiarities This book takes a biographical approach to the study of nationalism by examining its manifestation in Helmut Kohl and the way he historicized Germany's past

*1989* Mary Elise Sarotte, 2014-10-19 How the political events of 1989 shaped Europe after the Cold War 1989 explores the momentous events following the fall of the Berlin Wall and the effects they have had on our world ever since Based on documents interviews and television broadcasts from Washington London Paris Bonn Berlin Warsaw Moscow and a dozen other locations 1989 describes how Germany unified NATO expansion began and Russia got left on the periphery of the new Europe This updated edition contains a new afterword with the most recent evidence on the 1990 origins of NATO's post Cold War expansion

*Forced Migration in Central and Eastern Europe, 1939-1950* Alfred J. Rieber, 2013-10-18 These nine case studies written by Russian German and Austrian scholars and based on archival findings should shed new light on deportations and resettlement in Poland Hungary Czechoslovakia and Germany The introduction places forced migration throughout the region in a historical context

Redrawing Nations Philipp Ther, Ana Siljak, 2001 After World War II some 12 million Germans 3 million Poles and Ukrainians and tens of thousands of Hungarians were expelled from their homes and forced to migrate to their supposed countries of origin Using freshly available materials from Polish Ukrainian Russian Czechoslovak German British and American archives the contributors to this book provide a sweeping detailed account of the turmoil caused by the huge wave of forced migration during the nascent Cold War The book also documents the deep and lasting political social and economic

consequences of this traumatic time raising difficult questions about the effect of forced migration on postwar reconstruction the rise of Communism and the growing tensions between Western Europe and the Eastern bloc Those interested in European Cold War history will find this book indispensable for understanding the profound but hitherto little known upheavals caused by the massive ethnic cleansing that took place from 1944 to 1948

**The Constitutional Jurisprudence of the Federal Republic of Germany** Donald P. Kommers, Russell A. Miller, 2012-11-09 The third edition of this renowned English language guide to German constitutional law has been fully updated and significantly expanded to incorporate previously omitted topics and recent decisions of the German Federal Constitutional Court

**EU Agencies** Merijn Chamon, 2016-06-02 Over the last two decades EU legislation has established a growing number of subsidiary bodies commonly referred to as EU decentralised agencies Recent years have witnessed the conferral of increasingly significant powers to these bodies to the point where the successful implementation of many of the EU's policies is now dependent upon the activities of EU agencies While EU agencies have become indispensable in terms of their practical importance the lack of a legal basis in the EU Treaties to establish and empower new bodies as well as the lack of an adequate framework in secondary law means that there exists little control over EU agencies This results in critical issues such as the absence of clear criteria prescribing when an agency may be empowered to act and also the failure to consider the interests of the actors normally responsible for the implementation of EU law such as the Member States and the Commission Providing the first comprehensive overview of the development of agencification in the EU this book explores the question What are the political and legal limits to EU agencification Analysing EU agencies from an institutional and constitutional perspective the book traces the development of EU agencies explores the different tasks they perform investigates the limits to agencification and discusses the legal basis for such agencies

*The New Security Concept and German-French Approaches to the European "Pillar of Defence," 1990-2000* Siret Hürsoy, 2002 A historic opportunity without precedent is gradually becoming reality in the 21st Century with the chance taken to pave the way in the period 1990-2000 towards the organisation of defence in Europe The corresponding conditions have been brought about by concrete steps taken at the Maastricht Amsterdam Cologne Helsinki and Nice European Council meetings In the end the EU/WEU is developing into an equal partner to the US by assuming greater responsibility in the security and defence sphere The French and German bilateral relationship which is the driving force behind every European integration process is the historical force behind this development of the ultimate desire to reach a robust European Pillar of Defence through reconfiguration of the transatlantic relationship This book provides the first comprehensive and up to date analysis of German and French approaches to the European Pillar of Defence from the view of Europeanisation emanating from the process of integration

**Pluralism, Politics and the Marketplace** Suzanne Hasselbach, Vincent Porter, 2002-09-11 Since the mid 1980s broadcasting in the Federal Republic of Germany has been extensively re-regulated The traditional duopoly of the public broadcasters ARD and

ZDF has been challenged by new private networks in both radio and television In two historic judgements handed down in 1986 and 1987 the Federal Constitutional Court set out terms for a new dual order of private and public broadcasting But how were the guidelines of the court interpreted in practice Pluralism Politics and the Marketplace traces the economic and political influences which shaped the emergence of a pluralistic broadcasting system in the federal republic and examines the conflicts between public and private broadcasting both in West Germany and in the European Community as a whole

**Due Process of Lawmaking** Susan Rose-Ackerman, Stefanie Egidy, James Fowkes, 2015-01-22 This comparative study of the law of lawmaking demonstrates the interplay between constitutional principles and political imperatives in four modern polities

**International Extradition** M. Cherif Bassiouni, 2014 This comprehensive guide covers all aspects of extradition to and from the United States while making critical theoretical and practical evaluations of these aspects and proposing alternatives The rights of individuals balancing of states interests and preservation of world order within the Rule of Law form the conceptual framework of this book The focus within U S practice explores the essentials involved in the executive branches treaty making power as implemented through its foreign relations practice and as scrutinized by the judiciary The Sixth Edition updates the treaties laws and cases cited with new content including comparative material dealing with the European Union cases involving the United States decided by other countries and major decisions of the high courts of the UK Canada France South Africa Australia Israel Italy and Germany As with the prior editions the Sixth Edition continues to expose certain questionable practices of the United States with regards to extradition

**Common Destiny** Dietrich Orlow, 2000 Although the Socialist or Social Democratic parties played a key role in West European politics during the quarter century after the Second World War they have been studied far less than their political rivals the Christian Democrats The story of West European Social Democracy after 1945 begins with a dilemma Democratic marxism which had been the parties ideological and organizational principle until the Second World War was becoming politically irrelevant The three parties analyzed here represent the spectrum of reactions among Social Democratic parties to this realization The debate over the parties programs and ideologies did not of course take place in a vacuum the author devotes considerable space to a comparative analysis of the parties leaders and organizational structures as well as the evolution of Social Democratic domestic and foreign policies Immensely readable this book not only offers an in depth analysis of the postwar period crucial for the history of Social Democracy but also because of its cross national treatment of these three major parties adds significantly to our understanding of the processes of European integration and the evolution of the Atlantic Alliance

[Searching for a Leftist Constitutionalism](#) Ronald Car, 2024-07-12 Is there a viable leftist constitutionalism that we can juxtapose with liberal constitutionalism or is there really no alternative If the left is considered an a priori enemy of the principle of the rule of law the equal chance condition proves illusory Accordingly those asking for changes to social institutions will deem constitutionalism undemocratic Hence in our times of silent de constitutionalization at the global level

and rising populism and democratic backsliding at the national level this book offers a valuable opportunity to reconsider one of the founding principles of liberal constitutionalism the Rechtsstaat It re examines the controversies that accompanied the affirmation of the concept in a long term perspective from 1848 to the post World War II constitutional debates Since 1848 the German left has challenged the dominant liberal view of legitimacy mainly by adopting Marx s critique of the ideology of law and the state Thus the left has had to challenge not only the established order but also the mainstream political and legal culture generated by the liberal discourse on rights In search of constitutional viability the left has oscillated between two tendencies On the one hand it has denounced the discourse on rights as an ideological smokescreen used by the ruling class to keep us from paying more attention to the actual level of democracy within the parties the governmental bodies and in everyday social relations On the other hand the left has attempted to adjust its platform to the mainstream idea of constitutional legitimacy by devising its own sozialer Rechtsstaat However the break even point has proven hard to find If the acceptance of liberal principles was seen as less than wholehearted leftist constitutional proposals aroused suspicions of a coverup for an unconstitutional rule Unrechtsstaat On the other hand when the left has accepted liberal constitutional principles in full its potential to challenge the social status quo has ultimately proven to be disappointing The controversy culminated in a desperate and largely unknown attempt to devise a constitutional compromise between Liberalism and Socialism in East Berlin in the wake of the Cold War Although doomed to fail and devoid of democratic credibility the debates of the East German constitutional commission in 1948 offer important insights into a century of experiences trials and errors in constitution making seen from the leftist perspective

Interpreting Constitutions Jeffrey Denys Goldsworthy,2006-02-09 This book describes the constitutions of six major federations and how they have been interpreted by their highest courts compares the interpretive methods and underlying principles that have guided the courts and explores the reasons for major differences between these methods and principles Among the interpretive methods discussed are textualism purposivism structuralism and originalism Each of the six federations is the subject of a separate chapter written by a leading authority in the field Jeffrey Goldsworthy Australia Peter Hogg Canada Donald Kommers Germany S P Sathe India Heinz Klug South Africa and Mark Tushnet United States Each chapter describes not only the interpretive methodology currently used by the courts but the evolution of that methodology since the constitution was first enacted The book also includes a concluding chapter which compares these methodologies and attempts to explain variations by reference to different social historical institutional and political circumstances

The Draft Common Frame of Reference as a "Toolbox" for Domestic Courts Marta Santos Silva,2017-07-03 This book investigates whether national courts could and should import innovative solutions from abroad in the adjudication of complex legal disputes Special attention is paid to the concept of legally relevant damage and its importance in overcoming the deadlock created by the category of pure economic loss in the Portuguese and German tort law systems These systems are essentially based on the concept of unlawfulness Rechtswidrigkeit which limits the

compensation for pure economic loss to where a protective rule is infringed These losses have nevertheless been compensated for through the extensive interpretation of rules and the appeal to near contractual devices which has been detrimental to legal certainty the equality before the law and subjects freedom of action This book explains why courts can and should take a proactive role and apply DCFR based solutions in order to compensate for every loss that is worthy of legal protection

**Muslims and the State in Britain, France, and Germany** Joel S. Fetzer, J. Christopher Soper, 2005 Over ten million Muslims live in Western Europe Since the early 1990s and especially after the terrorist attacks of September 11 2001 vexing policy questions have emerged about the religious rights of native born and immigrant Muslims Britain has struggled over whether to give state funding to private Islamic schools France has been convulsed over Muslim teenagers wearing the hijab in public schools Germany has debated whether to grant public corporation status to Muslims And each state is searching for policies to ensure the successful incorporation of practicing Muslims into liberal democratic society This 2004 book analyzes state accommodation of Muslims religious practices in Britain France and Germany first examining three major theories resource mobilization political opportunity structure and ideology It then proposes an additional explanation arguing that each nation s approach to Muslims follows from its historically based church state institutions

Doctoral Dissertations on Asia ,1992

**Beyond Private Property** Clara Esteve-Jordà, 2025-09-10 This book highlights the inequity and lack of sustainability generated by the modern conception of property as the cornerstone of the world capitalist economy that has led to the Anthropocene Through a comparative analysis of the right to property in various contemporary Western constitutions Clara Esteve Jord examines its evolution as capitalism moves into a late neoliberal phase

**Constitutional Identity in a Europe of Multilevel Constitutionalism** Christian Calliess, Gerhard van der Schyff, 2020 Presents a critical outline and comparison of selected EU Member State constitutional identities in the context of EU multilevel constitutionalism
