southerninnovator.org It has been published every month since 2006 Its sister publication Southern Innovator magazine has been published since 2011 Challenging America's Global Preeminence Thomas Ambrosio, 2017-07-05 Examining the shifts in Russian foreign policy and their potential impact on the status and influence of the United States in the international system this outstanding volume examines why the Kremlin initially sought an alliance with the United States and the internal and external reasons why such a policy was unsustainable In particular it looks for an explanation for the post Cold War vacillations in Russian foreign policy Russia made several decisions which were perceived domestically as being unacceptable capitulations to American interests Consequently a pro Western foreign policy became incompatible with Russian political culture The rapprochement following 9 11 was destined to be temporary due to the decision by the Bush administration to invade Iraq Contributing to the fields of international relations and comparative foreign policy this study provides a fresh approach to the balance bandwagon issue and takes into account the global repercussions of the recent war in Iraq It will be of particular value to specialists in Russian foreign policy international relations theory and US foreign policy If Someone Speaks, It Gets Lighter Lynda Share, 2013-04-15 Can a newborn infant accurately record traumatic experience Can early traumas be retained in memory How would such traumatic memories affect later development Where should we look for evidence of such traumas in adult patients If Someone Speaks It Gets Lighter provides surprising answers to these questions Taking as her point of departure both her own clinical experience and case reports in the analytic literature Lynda Share provides a thorough at times revelatory examination of the basic issues She proposes that the controversy between narrative and historical truth be redefined in terms of the distinctly different memory systems involved and in terms of the special mechanisms whereby trauma as opposed to ordinary expectable experience becomes a major unconscious organizer of behavior and memory Then winding her way skillfully through contemporary debates about the limits of reconstruction she argues persuasively that the impact of early infantile trauma can become accessible through disciplined analytic inquiry Indeed for Share to forego the possibility of reconstructing such traumas in favor of an exclusively here and now interpretive approach is to risk perpetuating the trauma in all its pathogenicity By contrast when trauma can be reexperienced meaningfully in treatment both behavioral reenactments and trauma related transference issues can be dramatically clarified Demonstrating her point with vivid clinical case reports Share emphasizes the special value of dream interpretation in recovering the full psychological impact of events that occurred in the first few years of life Through the imagistic dimension of dream formation unconscious traumatic memories gain access to an expressive vehicle through which the patient aided by the analyst's understanding can begin to work through early experiences that have heretofore been dimly known but not felt **Social, Political and Cultural Challenges of the BRICS** Lins Ribeiro, Tom Dwyer, 2015-02-07 For the almost 40 years of its existence ANPOCS has contributed to introducing or consolidating new thematic areas in the academic agenda of debates in the Brazilian social sciences Commensurate with this history at the 37th
