Journey: The Way of the Disciple Richard Littledale, 2017-03-01

An accessible and thought provoking devotional look at the nature of discipleship through the lens of pilgrimage What do we learn about God whilst on the move which could not be learnt whilst stationary From Abraham Moses Ruth to Jesus himself and the apostle Paul the Bible is full of stories of people on the move and Journey looks at what we can learn from looking at the Christian life as one of pilgrimage The chapters cover subjects such as provisions needed on the journey communications and companions along the way distractions from the path the growth of new monasticism and death as journeys end With questions for personal reflection included after each chapter this is much more than a book about pilgrimage it encourages the reader to learn to journey through life in an attitude of pilgrimage revealing that it is often in the very act of journeying that we find our deepest spiritual insights

El Camino inmortal Jean-Christophe Rufin, 2013-03-31

El Camino de Santiago es una alquimia del tiempo sobre el alma una aventura que cada año viven cientos de miles de personas Jean Christophe Rufin emprende una de las grandes historias literarias de viajes de nuestros días en la cual el prestigioso novelista académico y diplomático relata su recorrido de ochocientos kilómetros por el Camino del Norte a Santiago de Compostela En el trayecto la experiencia física se transforma en una reflexión que invita a la reflexión de uno mismo y a llevar una vida plena y consciente más allá de lo trivial Este inusitado peregrino se convierte en un observador lúcido que retrata con un sentido del humor nico sus travesías por las costas vascas y cantábricas hasta llegar a los montes de Galicia Coloridos retratos anecdóticos divertidos un delicioso ejercicio de autocritica para quienes van a la reflexión de nada y les mueve la pasión de seguir caminando

Walking Notes Camino Francés Donald Bowes, 2017-05-17 These Walking Notes have been crafted for those who are setting out to walk the Camino de Santiago in Northern Spain along the Camino Francés route from St Jean Pied de Port in France to Santiago de Compostela Spain They are designed to keep the user from going astray and also are a handy tool for planning each day's walk so one may have the confidence of knowing where they are going at all times The Notes are easy to read and simple to follow They concentrate on those sections of the Camino Francés that can be somewhat confusing to walkers sections that may not be as well marked are remote or in many cases those sections that may require decisions for the walker to choose alternative routes From time to time we are all lost and maybe just enjoying ourselves too much to be paying that close attention to our surroundings while on Camino Perhaps we are lost in conversation Perhaps we are enthralled by a beautiful field of rapeseed a vineyard of grapes or the sound of the wind rustling through the wheat and barley of the immense Meseta Perhaps there are more pressing things on our minds like the pain of a severe injury the

constant throbbing of bad blisters or the tears of a distressed companion or fellow pilgrim things that disturb our concentration Usually at some point in time all of us have to stop re set the compass and get our bearings before moving on There is a spiritual component to this notion as well as a practical one The author Donald Bowes is a veteran of two Caminos in 2013 and 2015 and has written of his travels in his book Senior Camino also available on Amazon com and on Kindle
