**Harrow Memorials of the Great War, Vol. 1** ,2015-07-09 Excerpt from Harrow Memorials of the Great War Vol 1 August 23rd 1914 to March 20th 1915 It is more than three years since our great Empire rushed to the standard to prevent the absorption of small nations by a Power steeped in Imperialism and Militarism and bent through those instruments on the domination of the world From the first our public schools eagerly came forward to take their part and none have been more prominent than the dear old School on the Hill I have already endeavoured in Harrow s Epic of the War published in December 1916 to depict in all too feeble words the glorious spirit in which Old Harrovians willingly laid down their lives not only for the noblest cause ever submitted to the decision of the battlefield but also in the greatest war the world has ever witnessed Their memories will be kept green in the minds of all who visit the School in years to come by an impressive monument now under consideration where future Harrovians will be able to read the names of the School heroes Naturally they will try to picture to themselves the features of the gallant dead and it will be in the pages of these volumes that they will be enabled to fulfil their wishes It is not possible to say what the number of volumes will be for the end of the war is not yet in sight but already some five hundred have paid the great sacrifice No words are necessary to commend these volumes to the notice of Old Harrovians To them whether they were personally acquainted with the fallen or not the books will form a glorious record of the unselfish patriotism and indescribable bravery of the old School in the cause of honour uprightness and down trodden humanity while to relations and friends they will bring some consolation in that the faces of their dear ones will thus be permanently handed down to posterity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Battle of Neuve Chapelle: Britain's Forgotten Offensive of 1915** Paul Kendall, 2016-07-31  
Neuve Chapelle a lost battlefield is now opened up for the explorer to learn more about the actions that took place there In Early 1915 the British decided to take the offensive for the first time in the war against German positions in Northern France The initial objective was a bulge about one mile across in their lines at Neuve Events which took place here early in 1915 are described in detail and show why this almost forgotten battle set the course of the war *Heroes of World War I* Scott Addington, 2016-08-01 These are the stories of fourteen men whose lives were changed the day that telegram arrived In 1914 they were accountants shopkeepers and labourers When they were called to arms they became soldiers sailors and airmen fighting in the mud of the trenches navigating the high seas or flying in the very first aerial war Miles from their homes and families they were pushed to their very limits and forever changed by what they experienced Not all of them came back again In *Heroes of World War I* Scott Addington tells the long forgotten stories of fourteen brave men who rallied for their country The voice of the ordinary soldier is typically overlooked by memories and histories of the First World War and so this book is a tribute to them Led by Lions Neil Thornton, 2017-12-17 An exciting and fast paced narrative of over 100 gallant officers who died during the First World War Packed with incredible stories of individual heroism and sacrifice Assiduously researched rich in detail and lavishly illustrated Foreword by John Bercow Speaker of the House and introduction by The Hon Ian R K Paisley MP Freeman City of London Led by Lions MPs and Sons Who Fell in the First World War tells the story of over 100 men who went to war and did not return Many MPs fought in the war and in some instances they pulled strings to get there Casualties amongst them were high but the loss of their sons outweighed their own sacrifice In this book Neil Thornton dispels the popular belief that the country's politicians sat in safety while callously sending the nation's youth to their deaths Their own sacrifices together with those of their sons are described here in poignant detail including such names as Tom Kettle William Gladstone and Raymond Asquith Others such as Valentine Fleming father of James Bond author Ian Fleming and Thomas Agar Robartes feature alongside them Recommended for the Victoria Cross for the rescue of casualties under heavy fire Agar Robartes act would cost him his life but he would earn the respect of every man under his command This lavishly illustrated book is a tribute to those MPs and their sons who went to war never to return **Harrow Memorials of the Great War** Hardpress, 2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be

made available for future generations to enjoy      *Aisne 1914* Paul Kendall, 2012-05-01 The Battle of the Aisne fought in September 1914 introduced a new and savage mode of warfare to the soldiers of the British Expeditionary Force their French allies and to the German Army Both officers and men were trained to fight mobile wars When they reached the north bank of the Aisne the Old Contemptibles would be stopped by the Germans entrenched on high ground armed with machine guns and supported by heavy artillery The British commanders would naively send their troops on futile assaults up slopes devoid of cover to attack the German lines dug in on the ridges along the Chemin des Dames and concealed by woodland The British did not even have grenades The BEF suffered 12 000 casualties Their commanders who were not trained to fight a modern war were lost for a solution or even a strategy It was on the Chemin des Dames that the first trenches of the Western Front were dug and where the line that would stretch from the Swiss frontier to the North Sea began The Battle of the Aisne saw the dawn of trench warfare and a stalemate that would last for the next four years Wide ranging archival research by author Paul Kendall makes this the first in depth study of the battle in print His correspondence with surviving relatives of those who fought brings a human face to the terrible casualty statistics that would come to define the trenches      **Harrow**
