Cancún, Cozumel & the Yucatán ,2008 *Business Mexico* ,1998 *Climate Change and Human Security* Michael R. Redclift,David Manuel Navarrete,Mark Pelling,2011 The challenge presented by climate change is by its nature global The populations of the Mexican Caribbean the focus of this book are faced by everyday decisions not unlike those in the urban North The difference is that for the people of the Mexican Caribbean evidence of the effects of climate change including hurricanes is very familiar to them This important study documents the choices and risks of people who are powerless to change the economic development model which is itself forcing climate change The book examines the Mexican Caribbean coast and explores the wider issues of managing climate change in vulnerable areas of the tropics It also points to the inability to integrate development thinking into climate change adaptation The authors suggest that failures in local governance the transparency of state actions and the local populations lack of effective power represents a greater threat to adaptation than the absence of technical capacity in vulnerable areas Using local case studies of communities fishing villages and tourist destinations this well researched book will appeal to international students and academics working on climate change and professionals in development conservation and tourism industries **The Maya Route** Richard Harris,Stacy Ritz,1993 Known as the Egypt of the Americas the Maya region is not only a center of lost civilizations but is also one of the fastest growing travel destinations in the world This guide leads to exotic resort hotels pinpoints 10 a night hotels and features dozens of sidebar articles on river rafting horseback riding shopping exploring coral reefs and more Line drawings
