Watsuji Tetsurô's Global Ethics of Emptiness

Anton Luis Sevilla, 2017-08-31 This book is a rethinking of ethics and socio political life through the ideas of Watsuji Tetsur. Can we build a systematic philosophy of morality, society and politics not on the basis of identity and ego but rather on the basis of selflessness? This book explores such an attempt by the leading ethicist of modern Japan. Using concrete examples and contemporary comparisons and with careful reference to both English and Japanese sources it guides the reader through Watsuji's ideas. It engages three contemporary issues in depth: First, how do we approach the moral agent as an autonomous being or as a fundamentally relational being? Second, is it the individual or the community that is the starting point for politics? And finally, is ethics something that is globally shared or something fundamentally local? This book aims to be an informative and inspiring resource for researchers, students and laypersons interested in Buddhist thought. **Anthropology Matters, Third Edition** Shirley A. Fedorak, 2017-04-05 The third edition of this bestselling book introduces readers to anthropology and the world around it by connecting important concepts to current global issues. As well, two new chapters, one on global responsibility for refugees and the other on human trafficking as a form of modern-day slavery, make the text particularly relevant. **The SAGE Handbook of Evolutionary Psychology** Todd K. An approachable guide to being an informed compassionate and socially conscious person today from discussions of race gender and sexual orientation to disability class and beyond from critically acclaimed historian educator and author Blair Imani Blair answers the questions that so many of us are asking Layla F Saad author of *Me and White Supremacy* We live in a time where it has never been more important to be knowledgeable about a host of social issues and to be confident and appropriate in how to talk about them What s the best way to ask someone what their pronouns are How do you talk about racism with someone who doesn t seem to get it What is intersectionality and why do you need to understand it While it can seem intimidating or overwhelming to learn and talk about such issues it s never been easier thanks to educator and historian Blair Imani creator of the viral sensation Smarter in Seconds videos Accessible to learners of all levels from those just getting started on the journey to those already versed in social justice Read This to Get Smarter covers a range of topics including race gender class disability relationships family power dynamics oppression and beyond This essential guide is a radical but warm and non judgmental call to arms structured in such a way that you can read it cover to cover or start with any topic you want to learn more about With Blair Imani as your teacher you ll get smarter in no time and be equipped to intelligently and empathetically process discuss and educate others on the crucial issues we must tackle to achieve a liberated equitable world *An Echo of Silence* Kameel Ahmady, 2021, *An Echo of Silence* A Comprehensive Research Study on Early Child Marriage ECM in Iran Kameel Ahmady Whilst working on the issue of female genital mutilation in Iran In the Name of Tradition in this book Kameel Ahmady also brought a focus to the early marriage of children and high rates of this harmful phenomenon in Iran He conducted a two year study on child marriage in the seven provinces of Khorasan Razavi East Azerbaijan Khuzestan Sistan and Baluchistan West Azerbaijan Hormozgan and Isfahan drawing on official country statistics The results of this research have been published in Farsi Kurdish and English languages According to the religious structure of Iran maturity for girls begins with the first monthly menstruation considered as the threshold of transition from childhood to adulthood which happens around age of 9 This physical and biological threshold means being able to marry regardless of the actual age and ability to govern your marital life Although early marriage applies to both young girls and boys in fact the bitter reality of the society indicates that the consequences and effects of the phenomenon of child marriage on girls are far more serious and dangerous Undoubtedly social investment in girls expanding their social and economic capital and ensuring their access to education and health services is a clear driver towards gender equality to provide for stronger communities but child marriage does the contrary A lack of independent and credible studies on child marriage in Iran means there is little information and data but according to the legal adviser of the Iranian Judiciary

the official and state statistics suggest that between 500 to 600 thousand children per year Iran are getting married and these are only the statistics for marriages that officially registered without including those outside the formal marriage process Now there are around 14 000 child widows in the country and according to estimates from the United Nations 17 percent of all marriages in Iran are under the age of 18 Further some men who have more than one spouse in Iran do not register their child marriages and hide them This comprehensive research first attempts to analyse the prevalence of child marriage in Iran with an emphasis on socio cultural factors that reflect the profound and deep rooted inequalities which have contributed to the persistence of child marriage in Iran The scientific reason for doing this research is to explain the evidence and prevalence of this traumatic practice in Iran and to assist government decision makers in focusing on the immediate protection of these children s human rights This book as an effort to expose and deepen understandings of the issue of child marriage in Iran has attracted the attention of civil activists government policymakers and some parliamentary representatives and MPs It has provided the background to proposals for raising the minimum age for child marriage amending Article 1041 of the Civil Code This proposal was approved by the House of Representatives in an emergency and with a majority of votes but unanimously rejected by the Majlis Legal and Judicial Commission As the only fieldwork study these research findings were predicated on producing civil society advocacy and the need for parliament to amend the law In the community level the research has raised a wave of public awareness leading to a serious civil society demand for a ban on child marriage and raising the age of marriage from 13 to 16 for girls and from 15 to 18 for boys
