### Note about Country Codes:

The parts books we use in the United States of America may also contain information about a part that would be different in another country. It is important that you are aware of the country codes in some instances.

| Symbol | Country                  |
|--------|--------------------------|
| A      | United States of America |
| CA     | Canada                   |
| FR     | France                   |
| GB     | Great Britain            |
| PO     | Portugal                 |
| AL     | Australia                |

If the remarks column says for example EXCEPT (FR) this part works in all countries except France. That means it will work here in the USA.
