manuscripts and letters to sound recordings and birth certificates archival information plays an increasingly important role
in modern research Libraries and the Internet have made finding information on a wide range of topics faster and easier but
not all information particularly from primary sources is available via local library branches or online resources Using archival
information presents its own challenges Materials are often located in many different places public or academic libraries
government agencies historical societies or museums They are usually kept in secured areas where the public is restricted
from browsing This definitive guide shows novice and experienced researchers how to find archival information It provides
tips on how to use archival materials effectively and efficiently Topics covered include government archives science and
technology collections military archives genealogical records business and corporate archives performing arts archives and
sports collections Also provided is an overview of the world of archives including archival terminology how to contact
archives and archival etiquette Whether searching for a noted author's original manuscripts trying to locate presidential
papers or tracking down a repository of oral histories Archival Information is an indispensable reference **The Michigan

(U.S.), Tactics and Procurement in the Habsburg Military, 1866-1918 John A. Dredger, 2017-08-11 This book reveals the
primary causes of Habsburg defeat both in the Austro Prussian War and the First World War The choice of offensive strategy
and tactics against an enemy possessing superior weaponry in the Austro Prussian War and opponents with superior
numbers and weapons in the Great War resulted in catastrophe The inferiority of the Habsburg forces in both conflicts
stemmed from imprudent spending decisions during peacetime rather than conservatism or parliamentary stinginess The
desire to restore the sunken prestige of Austria Hungary and prove Habsburg's great power status drove the military to
waste money on an expensive fleet and choose offensive tactics to win great victories This study shows the civil military

interaction in regard to funding and procurement decisions as well as the deep intellectual debates within the army which refute the idea that the Habsburg military remained opposed to technology or progress Solar Energy United States.
