Jules Verne Lives! Gary Westfahl, 2023-07-05 This volume is a fresh examination of the works of Jules Verne the pioneering and enduringly popular science fiction writer Essays study Verne's various novels including Around the World in Eighty Days The Mysterious Island and The Adventures of Captain Hatteras Included essays offer analyses of literary responses to Verne's work assessments of film adaptations of his novels

and discussions of steampunk the Verne inspired science fiction subgenre that has influenced writers like Philip Jose Farmer Caleb Carr and Adam Roberts **La maison à vapeur** Jules Verne, 1920 [Les œuvres de Jules Verne: La maison à vapeur](#) Jules Verne, 1966 **The French Colonial Imagination** Nicola Frith, 2014-04-24 The Indian uprisings 1857-58 against British rule in India represent an iconic period within the history of anti colonial resistance Numerous works have considered these historical events from British and Indian perspectives but none have yet questioned how they were viewed by Britain's foremost colonial rival in India the French The French Colonial Imagination examines how the potential for Britain to lose its most lucrative colony at the hands of its own colonial subjects allowed French writers to envisage a world freed from British dominance The uprisings offered the attractive possibility that France could undergo a colonial revival in the wake of British defeat thereby reversing the devastating losses inflicted upon France's former empire at the end of the Napoleonic Wars Notable among these losses was Britain's decision in the Treaty of 1814 to permanently reduce France's presence in India to five small trading posts scattered around the periphery of British territory The extent to which the French colonial imagination of the nineteenth century was shaped by the memories of such defeats forms a primary concern of this monograph This investigation into French responses to the Indian uprisings reveals that French colonial discourse was determined as much by its visions of the colonized other as by the dominance of their British rivals Drawing from journalistic historical political and fictional texts written during Louis Napoleon's Second Empire 1852-70 and in the early years of the Third Republic 1870-1944 The French Colonial Imagination shows how the uprisings gave French writers the opportunity to speak out against the rapacity of British colonialism and its treatment of colonized Indians while simultaneously constructing a competing colonial discourse that would justify further expansion in North Africa and South East Asia Standing at a crossroads between the loss of Ancien Régime's empire and the Third Republic's ideological investment in overseas expansion this understudied period of colonial history reveals the centrality of loss fracture and political emasculation as core preoccupations haunting the French colonial discourse in its quest to regain cultural and ideological ascendancy over its greatest political enemy [La maison à vapeur](#) Verne, Jules, 2014-02-18 Nouvelle édition de La maison à vapeur de Jules Verne augmentée d'annexes Biographie L'ouvrage a été soigneusement mis en forme pour votre liseuse Naviguez par simple clic de chapitre chapitre ou de livre livre Accédez instantanément la table des matières hyperliée globale Une table des matières est placée gauchement au début de chaque titre A PROPOS DE L'ÉDITEUR Les éditions Arvensa sont les leaders de la littérature classique numérique Leur objectif est de vous faire connaître les œuvres des grands auteurs de la littérature classique en langue française un prix abordable tout en vous fournissant la meilleure expérience de lecture sur votre liseuse Tous les titres sont produits avec le plus grand soin Le service qualité des éditions Arvensa s'engage vous répondre dans les 48h Retrouvez tous les titres sur le site internet des éditions Arvensa [Jules Verne](#) Edmund J. France's Lost Empires Kate Marsh, Nicola Frith, 2011-01-01 This collection of essays investigates the fundamental role that the loss of colonial territories at the end of the Ancient Regime and post World War II has played in shaping French memories and colonial discourses In identifying loss and nostalgia as key tropes in cultural representations these essays call for a re evaluation of French colonialism as a discourse informed not just by narratives of conquest but equally by its histories of defeat

Jules Verne Timothy A. Unwin, 2005-01-01 Jules Verne's reputation undergoes a much needed rehabilitation in the hands of Timothy Unwin who reexamines the author's work from his earliest writings to his later and only recently discovered manuscripts Verne was Unwin argues a master of the self conscious novel his work a pastiche of science discourse fictional and non fictional writings and flamboyant theatrical narrative Unwin makes a compelling case for Verne as a master of the nineteenth century experimental novel in the company of Gustave Flaubert and other canonical French writers The text will be a wonderful addition to the shelves of those interested in science fiction experimental writing and critical theory

French Prose in 2000 , 2021-10-18 French Prose in 2000 stems in some important measure from work presented in September 1998 at the International Colloquium on French and Francophone Literature in the 1990's held at Dalhousie University A good number of papers given at that time and since revisited in the light of exchanges join here certain others specifically written for the purposes of this book Together they

constitute a wide ranging and modally varied interrogation of the current state of French and francophone prose writing its multifaceted manners its richly divergent fascinations its many theoretical or philosophical groundings The book thus ceaselessly moves its attention from fictional biography to the roman noir from the writing of Glissant and Chamoiseau to that of the tonnants voyageurs from the powerful discourse of women such as Chawaf or Cond Ernaux or Germain Sallenave or Kristeva to that of writers as diverse in their modes as Le Cl zio and Quignard Duras and Renaud Camus All chapters focus however in near exclusive measure on the prose production of the last ten or twelve years *The Triumph of Human Empire* Rosalind Williams,2022-12-22 In the early 1600s in a haunting tale titled New Atlantis Sir Francis Bacon imagined the discovery of an uncharted island This island was home to the descendants of the lost realm of Atlantis who had organized themselves to seek the knowledge of Causes and secret motions of things and the enlarging of the bounds of Human Empire to the effecting of all things possible Bacon s make believe island was not an empire in the usual sense marked by territorial control instead it was the center of a vast general expansion of human knowledge and power Rosalind Williams uses Bacon s island as a jumping off point to explore the overarching historical event of our time the rise and triumph of human empire the apotheosis of the modern ambition to increase knowledge and power in order to achieve world domination Confronting an intensely humanized world was a singular event of consciousness which Williams explores through the lives and works of three writers of the late nineteenth century Jules Verne William Morris and Robert Louis Stevenson As the century drew to a close these writers were unhappy with the direction in which their world seemed to be headed and worried that organized humanity would use knowledge and power for unworthy ends In response Williams shows each engaged in a lifelong quest to make a home in the midst of human empire to transcend it and most of all to understand it They accomplished this first by taking to the water in life and in art the transition from land to water offered them release from the condition of human domination At the same time each writer transformed his world by exploring the literary boundary between realism and romance Williams shows how Verne Morris and Stevenson experimented with romance and fantasy and how these traditions allowed them to express their growing awareness of the need for a new relationship between humans and Earth The Triumph of Human Empire shows that for these writers and their readers romance was an exceptionally powerful way of grappling with the political technical and environmental situations of modernity As environmental consciousness rises in our time along with evidence that our seeming control over nature is pathological and unpredictable Williams s history is one that speaks very much to the present **Insurgent Sepoys** Shaswati Mazumdar,2012-07-26 The Revolt of 1857 in India has so far largely been viewed as an event that was of interest to British and Indian scholars investigating the various consequences of British colonial rule in India What has remained out of the focus of study during the last 150 years is the possible impact of the Revolt elsewhere its so to say international dimension what in particular was the reaction in Europe where elemental social and political transformations were underway Whatever the varied nature of the reactions the space given to the Revolt

in many European newspapers and journals while it was in progress is certainly extensive What is more representations of and reflections on the Revolt appeared both during the event and for long after its suppression above all in forms of popular fiction but also in historical accounts letters reminiscences and other forms of writing The collection of essays in this volume ventures into this unexplored terrain and offers a first look at some of these European responses **La maison à vapeur** Jules Verne, 2018-11-10 Jules Verne 1828 1905 Une prime de deux mille livres est promise quiconque livrera mort ou vif l'un des anciens chefs de la r volte des Cipayes dont on a signal la pr sence dans la pr sidence de Bombay le nabab Dandou Pant plus connu sous le nom de Telle est la notice que les habitants d Aurungabad pouvaient lire dans la soir e du 6 mars 1867 Le dernier nom un nom ex cr jamais maudit des uns secr tement admir des autres manquait celle de ces notices qui avait t r cemment affich e sur la muraille d un bungalow en ruines au bord de la Doudhma Si ce nom manquait c est que l angle inf rieur de l affiche o il tait imprim en grosses lettres venait d tre d chir par la main d un faquir que personne n avait pu apercevoir sur cette rive alors d serte Avec ce nom avait galement disparu le nom du gouverneur g n ral de la pr sidence de Bombay contresignant celui du vice roi des Indes Quel avait donc t le mobile de ce faquir En lac rant cette notice esp rait il que le r volt de 1857 chapperait la vindicte publique et aux cons quences de l arr t pris contre sa personne Pouvait il croire qu une si terrible c l brit s vanouirait avec les fragments de ce bout de papier r duit en poussi re C e t t folie En Inde quelques ann es apr s la sanglante r volte des Cipayes l ing nieur Banks propose au colonel Munro ainsi qu d autres amis un voyage travers l Inde bord d un v hicule r volutionnaire Chacun d eux sa propre raison d accepter Les Oeuvres de Jules Verne Jules Verne, 19??
