Drums In The Distance Joe Mulhall,2021-07-08 Mulhall watches the extreme right revival from the inside as an anti fascist infiltrator criss crossing the global networks of modern fascism but he brings a deep analytical focus By the end of it we understand one thing the threat of a second fascist era is real Paul Mason author of Postcapitalism An urgent missive from the global frontlines of the fight against fascism Nima Elbagir CNN Senior International Correspondent A terrifying and timely look at the spread of far right movements across the globe Joe Mulhall knows what it s like to stare fascism in the face For a decade often undercover at significant personal risk he has investigated hate groups He infiltrated a US white supremacist militia set up a fake Ku Klux Klan branch has been on countless street marches with violent far right groups across Europe and got inside some of the most important alt right meetings ever held Brazil India and the US are still in thrall to authoritarian populism and far right views have become steadily normalised in mainstream politics Mulhall s dramatic experiences on the front line of anti fascist activism coupled with his academic research clearly explain the roots of both elected and non elected far right movements across the globe Above all he concludes the far right should not be dehumanised they are normal people but with dangerous beliefs that can be defeated Joe has had a unique view of the far right over the past decade as it transformed from a marginal subculture into one of the defining political currents of our time He understands how these groups think and operate and is perfectly placed to guide readers through this disturbing but vital

story Daniel Trilling journalist and author of *Lights In The Distance* Exile and Refuge at the Borders of Europe Few if any are better placed to write a book of this breadth and scale than Joe Mulhall Mark Townsend Home Affairs editor of the Observer

violence that started in the late 1960s By the beginning of the twenty first century the overwhelming majority of secession supporters agreed that an independent Basque homeland would be realised through ballots and not bullets Providing an interdisciplinary overview of radical Basque nationalism that pays special attention to the drivers for ETA's decline defeat and disbandment this book includes chapters by historians political scientists and sociologists who offer three important theoretical and empirical contributions to the literature on nationhood and security studies Firstly the book reassesses the military conflict that opposed ETA and the Spanish state by paying special attention to tactical and strategic considerations as well as the counter terrorist policy itself Secondly it provides an original interpretation of the politics of fear which surrounded the process of victimization as well as assessing the extent to which the issue of violence led to the polarisation of citizens Thirdly the authors examine the historical narratives and rituals that contributed to the production and reproduction of identity binaries and memories of war Arguing that the defeat of ETA must be contextualised within the strategic evolution of Basque nationalism the declining resonance of the radical message and the effectiveness of the Spanish counter terrorist effort this book is essential reading for students and scholars working in the areas of European politics nationalism and terrorism studies

Terrorism, Gender and Women Alexandra Phelan, 2020-12-17 Terrorism Gender and Women Towards an Integrated Research Agenda encourages greater integration of gender sensitive approaches to studies of violent extremism and terrorism This book seeks to create and inspire a dialogue among scholars of conflict terrorism and gender by suggesting the necessity of incorporating gender analysis to fill gaps within and further enhance our understanding of political violence The chapters featured in the book interrogate how recent developments in the field such as the proliferation of propaganda and online messaging the decline or shifting presence of ISIS the continued rise of far right extremism and the changing roles of women in political violence necessitate a gendered understanding of radicalisation participation and of strategies to counter and prevent both violent extremism and terrorism Taken together they encourage a discussion of new ways in understanding how women and men can be affected by terrorism and violent extremism differently and how involvement can often be influenced by highly gendered experiences and considerations The chapters in this book were originally published as a special issue of the journal Studies in Conflict Terrorism

Radical Right Movement Parties in Europe Manuela Caiani, Ondřej Císař, 2018-12-07 This book provides state of the art research by leading experts on the movement parties of the radical right It examines the theoretical implications and empirical relevance of these organizations comparing movement parties in time and space in Europe and beyond The editors provide a theoretical introduction to radical right movement parties discussing analytical frameworks for interpreting their causes forms and effects In the subsequent sections of the book chapter authors examine a range of empirical case studies in Western Central and Eastern Europe using a combination of qualitative and quantitative methodological approaches and make a significant contribution to the literature on social movements and party politics This book is essential reading for scholars of European

party politics and students in European politics social movements comparative politics and political sociology *Integration in Multicultural England* Jörg Friedrichs, 2025-07-24 Positive relations between Muslims and non Muslims are important for the future in Britain and beyond By studying community relations this book takes an innovative approach that moves beyond mapping British Muslims or British Islam Instead Jörg Friedrichs discusses the actual ways Muslims and non Muslims relate or fail to relate where it matters most namely in diverse inner cities Is Britain a multicultural country is it moving towards greater integration or is this a false dichotomy Given their unique everyday experience inner city residents prove to be experts when it comes to community relations To give them a voice and learn from their experience the book takes us on a tour of diverse English inner cities Reassuringly the grassroots perspective of residents is consistent with a vision of integration in multicultural England Residents are concerned not so much about hot button issues like extremism or terrorism Instead their minds are set on practical matters how to coexist peacefully in stressful urban environments and how to find love and raise families when norms diverge Caught between grievance and aspiration inner city residents from any background express disappointment at Muslim and non Muslim parents sending their children to different schools They also discuss whether governance should be community blind or community based and if Britain is ready for a Muslim Prime Minister In all of this Muslim and non Muslim residents acknowledge that we live in a multicultural society For most however it does not follow that we should adopt multiculturalism as an ideology Instead most people crave and support a move towards greater integration
