Chilcote, 2011-04-01 In this collection of inspirational and challenging essays Methodists from around the globe reflect on the practice of disciple making in their own contexts From their own perspectives they address questions like What are the challenges you face What biblical images shape your missional practice What examples of Christian authenticity inspire your communities What gifts related to mission and evangelism do you offer the global community of faith Churches on every continent have their own stories of struggle and faithfulness Indeed each distinct community within any given region has a voice of its own that deserves to be heard The voices included in this volume belong to women and men alike Likewise they resound with the accents of Africa and Asia Latin and North America Europe and Oceania Each voice is distinct but all articulate a vision of faith made effective through love In a world characterized variously by poverty and violence as

well as prosperity and peace the church must reclaim its central mission to make disciples of Jesus Christ In their effort to articulate a vision of mission and evangelism the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another To be the ambassadors of the gospel we need each other and we need to pay attention to the voices that sound different from our own This volume takes a large step in that vital direction

Repairing the Missional Breach Kevin Blackwell,2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ s Great Commission as found in Matt 28 19 20 Much of this failure can be attributed to the doctrine and practice within three modern church movements The book offers a history and critique of modern American evangelical church movements including the Church Growth Emergent Church and Missional Church movements Each of these movements did not result in disciple making multiplication In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus Informed by these critiques formative ministry adjustments are presented as a faithful path for future missional approaches

The Missions and Missional Purpose of Ephesians Timothy A. van Aarde,2023-01-12 The purpose of the letter to the Ephesians is unknown The book suggests that the purpose of Ephesians is about missions and being missional The author of Ephesians committed the task of missions to the church The author located the mission of the church in the redemptive plan of God The redemptive plan oikonomia of God consists of historical epochs of missions the mission of Israel the mission of Christ the mission of the disciples the mission of the apostles and the mission of the church The term missional has been used ambiguously The existence of a distinction between the mission of the church and missional church is demonstrated and both expressions of mission are grounded in the biblical text of Ephesians The mission of the church is grounded in an exposition of Eph 1 3 and the missional church is grounded in an exposition of Eph 4 6 The author of the letter intended for the mission to the nations to be continued by the church this is the

mission of the church He intended for the members of the church to continue to reach out to their local community this is expressed by the missional church The mission of the church has been grounded in the Great Commission The missional church is grounded in the values morals and lifestyle principles set out in Eph 4 6 **The Bible in Culture** Larry W. Caldwell, 2025-07-08 How to Read and Interpret Scripture Across Cultures How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts In **The Bible in Culture** Larry Caldwell introduces ethnohermeneutics a revolutionary yet biblical approach to reading Scripture with rather than for the world Drawing from decades of experience living overseas Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word This approach is rooted in observing how Jesus Paul and others in the early church interpreted Scripture and in following their examples Through real life illustrations interactive activities and case studies readers will discover how they can also read and interpret God's word in their own cultures This book will challenge your assumptions about the interpretive task encouraging and equipping you to rethink how the Bible can be understood across every people group in various cross cultural multicultural and multigenerational contexts **Evangelicals Engaging Emergent** William David Henard, Adam W. Greenway, 2009 Leading conservative evangelicals from Norman Geisler to Thom Rainer and Ed Stetzer write informatively and respectfully about all facets of the controversial emergent church movement
