The Making of Romantic Love William M. Reddy,2024-05-31 In the twelfth century the Catholic Church attempted a thoroughgoing reform of marriage and sexual behavior aimed at eradicating sexual desire from Christian lives Seeking a refuge from the very serious condemnations of the Church and relying on a courtly culture that was already preoccupied with honor and secrecy European poets romance writers and lovers devised a vision of love as something quite different from desire Romantic love was thus born as a movement of covert resistance In The Making of Romantic Love Longing and Sexuality in Europe South Asia and Japan William M Reddy illuminates the birth of a cultural movement that managed to regulate selfish desire and render it innocent or innocent enough Reddy strikes out from this historical moment on an international exploration of love contrasting the medieval development of romantic love in Europe with contemporaneous eastern traditions in Bengal and

Orissa and in Heian Japan from 900 1200 CE where one finds no trace of an opposition between love and desire In this comparative framework Reddy tells an appealing tale about the rise and fall of various practices of longing underscoring the uniqueness of the European concept of sexual desire *Are You Making Love or Just Having Sex?* Elliot D. Cohen,2024-10-15 In making love one is elevated beyond the carnal desires it satisfies For the religious it is Divine for those who are not religiously inclined it is still a spiritual experience one of seamless solidarity a unity of two as one that defies mere orgasmic stimulation You don t have to make love to have sex Even strangers can be sexually attracted and have an orgasmic escapade But in the act of making love there is symbolic meaning that is felt through and through the sex act Two in love are joined in life and the sexual expression of this unison is deeply felt in the sex act itself This is sexual intimacy the making of love the likes of which is rarely if ever seen outside a loving relationship There is no escape from the philosophical dimensions of such a loving relationship It is as abstract as it is concrete in the ideals that ground it There is a mystery about it a kind of transcendent experience that defies translation into words Making and being in love are thus joined at the hip Loving relationships make the bed in which true lovers sleep Unfortunately many relationships flounder or never get off the ground Just having sex may ease the tension but it then becomes a means not truly an end in itself The moment the sex act ends the couple may retreat and fall into discord It is an oasis in a barren desert that provides temporary relief a titillating temporary escape from reality This book can help you to overcome the obstacles the unlovable habits that encumber your relationship both inside and outside the bedroom It can help to create the harmonic balance between your sex life and other aspects of your personal and interpersonal relationships which are preludes to making and being in love To accomplish this it applies a five step method based on Logic Based Therapy Consultation LBTC a popular form of evidence based philosophical counseling modality First it introduces you to six types of unlovable ways of thinking and acting and helps you to identify the ones that may be sabotaging your own relationship Second it shows you how to counter these self defeating habits with certain lovable goals virtues of love Third it helps you to identify and embrace a personal love philosophy that empowers you to reach for your lovable goals Fourth it provides core philosophical ideas that are key to any successful quest for romantic love Fifth it helps you construct a behavioral plan that applies your philosophies to making constructive changes in your relationship The latter may require making changes both inside and outside your relationship Thus this book also shows you how the problems you are having in one area of your life at work in your social life etc can affect the quality of your relationship inside and outside the bedroom and it offers guidance including self improvement exercises to overcome these impediments and attain enduring love and sexual intimacy Family-Centered Church Gerald Foley,1995-11 Today s families often find themselves frustrated with the lack of support they receive from church ministry Challenging his readers to speak out for change Gerald Foley encourages parishes and parishioners to focus upon the broader needs of their families rather than on the specific needs of the institution The Road to the Great Cosmic Mother Avivah Moreland-El,2008-03

This book is about situations we all have had or will go through literally in life that will either transform our minds or allow us the opportunity to have other situations that will. The need to know yourself and your purpose for being here is the key point of the journey. The book shares that in life we all have stories, adventures, even tragedies that we feel are real. We have them, but we are not them. The chapters describe the high roads and the low roads of love, sex, relationships, talents, servitude, and gratitude. Ultimately, the book pronounces the importance of the male and female balance. It reintroduces the significance of The Woman, The Mother, The Female, and her presence in the world. She is the focal point of this book. Due to the patriarchal dominance for so long, this book is written to cause thoughts of what the world would be like when the balance of both male and female energy is in total harmony without dominance, control, and power for the gratification of the false ego versus the higher sense of being.

Conversations with Socrates and Plato Neal K. Grossman, 2019-07-26 An imaginary extended dialogue with Plato, Socrates, Spinoza, and William James presents philosophical ideas that have never been more relevant for Western civilization. Neal K. Grossman discusses how a post-materialist social order can solve the challenges of modern life and insure our survival.

A Frenchwoman's Guide to Sex after Sixty Marie de Hennezel, 2017-10-29 A Frenchwoman's advice for how women and men of a certain age can enjoy love, sex, and desire in their sixties and seventies and beyond. With wit and a soupçon of irreverence, Marie de Hennezel shows that there is no age limit for erotic joy. Through interviews with countless older French women and men, de Hennezel uncovers a plethora of tips for enjoying a rich and satisfying sex life after age sixty. She suggests that perhaps the most important point is to have a positive self-image, to love yourself, and instead of worrying about wrinkles and other outward signs of aging, to cultivate an inner youthfulness which, combined with a certain maturity, she says can be sexier than youth all by itself. It is better to skip the plastic surgery and intense workouts at the gym and focus on sensuality, pleasure, and emotional intimacy instead. Other tips for how to keep that certain *je ne sais quoi* include forgetting about sexual performance, shifting from thinking about the body you have (how it looks in the mirror) to focusing on the body you are (how it feels) and being able to surrender during love and sex. Bringing a sense of humor and a bit of playfulness to the boudoir doesn't hurt either.
