Handbook of Digital Resources in Mathematics Education Birgit Pepin, Ghislaine Gueudet, Jeffrey Choppin, 2024-06-21 This handbook presents the state of the art scholarship on theoretical frames mathematical content learning environments pedagogic practices teacher professional learning and policy issues related to the development and use of digital resources in mathematics education With the advent of more and more open access digital resources teachers choose from the web what they see fit for their classroom students choose in the moment what they need for their projects and learning paths However educators and students often find it difficult to choose from the abundance of materials on offer as they are uncertain about their quality and beneficial use It is clear that at a time of bouleversement of the teaching learning processes it is crucial to understand the quality and the potentially transformative aspects of digital resources This book provides comprehensive analyses of and insights into the transformative aspects of digital resources 2009 Writer's Market Robert Brewer, 2008-06-01 For 88 years Writer s Market has given fiction and nonfiction writers the information they need to sell their work from completely up to date listings to exclusive interviews with successful writers The 2009 edition provides all this and more with over 3 500 listings for book publishers magazines and literary agents in addition to a completely updated freelance rate chart In addition to the thousands of market listings you ll find up to date information on becoming a successful freelancer covering everything from writing query letters to launching a freelance business and more

Free Agent Learning Julie A. Evans, 2022-10-11 Explore how students are disrupting education by using digital resources to support self direct learning Free Agent Learning Leveraging Students Self Directed Learning to Transform K 12 Education explores an emerging cohort of students that are self directing their learning around interest driven topics the tools they re using to scaffold these experiences and their motivations for these out of school learning behaviors Readers will find new insights and frameworks for effectively leveraging the lived experiences of their students and transforming their schools cultures norms and practices In this book readers will learn how education leaders can translate a newly emerged understanding about students self directed learning into actionable knowledge to improve teaching and learning Free Agent Learners also offers Info dispelling the myth that real learning only happens in a classroom Discussions of how modern students are using digital tools content and resources for purposeful learning outside of teacher direction or sponsorship Actionable tips and accessible strategies for the use of the Free Agent Learner Ecosystem to support school improvement

Perfect for K 12 school and district administrators and decision makers *Free Agent Learners* is an eye opening read for anyone involved in the education of primary and secondary school students *Representations of the World in Language Textbooks* Karen Risager, 2018-01-08 This book presents a new and comprehensive framework for the analysis of representations of culture society and the world in textbooks for foreign and second language learning The framework is transferable to other kinds of learning materials and to other subjects The framework distinguishes between five approaches national studies citizenship education studies cultural studies postcolonial studies and transnational studies In a series of concrete analyses the book illustrates how one can describe and uncover representations of the world in textbooks for English German French Spanish Danish and Esperanto Each analysis is accompanied by suggestions of possible supplements and changes The book points to the need for language learning materials to deal seriously with knowledge about the world including its diversities and problems **COVID-19 and the (Broken) Promise of Education for Sustainable**

Development Javed Anwar, Sher Rahmat Khan, Mir Zaman Shah, Seth Brown, Peter Kelly, Scott Phillips, 2023-02-06 The book charts the emergence of the COVID 19 pandemic and the impact that it has had on the lives of young people and their communities education systems the teaching profession and the responses by governments NGOs and donor organisations in Pakistan Drawing on theories of postcolonialism feminism and neoliberal globalisation the authors explore the development of Pakistan as a postcolonial nation state and examine the legacies of colonialism in education systems and policies teacher education and development The Pakistani authors bring extensive knowledge and experience to this case study of the broken promise of education for sustainable development This mix of theoretical insight and practical experience promises to produce significant policy and development impact in post COVID 19 Pakistan South Asia more broadly and in other postcolonial development contexts around the world as it develops a critique of the UN SDGs as a global and more local framework for development UPCOMING Webinar Launch 10th of May COVID 19 and the broken promise of education for sustainable development A case study from postcolonial Pakistan *The Oxford Handbook of Language and Prejudice* Jane Setter, Sender Dovchin, Vijay A. Ramjattan, 2025-09-25 This volume explores and rearticulates the relationship between language and prejudice Language plays an important role in the conceptualization enactment and defence of prejudice at both the individual and institutional level Language and language users can also be the object of prejudice and language itself can with some conditions be thought of as a solution to prejudice The chapters in the volume examine how prejudice manifests itself how it is perceived and how it might be combatted Parts I III cover linguistic prejudices relating to gender and sexuality ableism and race and ethnicity while Parts IV VI explore social issues politics and religion and educational perspectives The final part looks at projects and initiatives to tackle linguistic prejudice in a range of contexts While recent work in the field has tended to inadvertently construct knowledge according to normative and Northern epistemologies this volume features contributions that also provide an understanding of linguistic prejudice from Global South perspectives

No-Sweat Homeschooling Kelly Wallace,2018-03-14 The decision to home school your kids is one you ll never regret though the path can often be confusing and frustrating I fully believe that homeschooling should be as much fun for you as it is for your children After all you ll be spending many hours each week together learning new things so why make it monotonous stressful or boring Instead with a bit of ingenuity you can turn even the smallest everyday task into a learning opportunity that sticks with your children for life This is what No Sweat Home Schooling is all about I ll cover whole curriculum subjects frugal field trips record keeping fun activities stress and mess busters the Charlotte Mason Method and more I also include a lot of quality online resources I look forward to sharing my experiences and ideas with you

Common Core in the Content Areas Jessica

Bennett,2014-03-14 The Common Core is requiring literacy across the curriculum but what does that mean for teachers of subjects like math science and social studies who have a lot of content to cover In this essential book author Jessica Bennett reassures you that you don't have to abandon all of your great content lessons and start from scratch Instead you can reflect on what you're already doing well and make adjustments and enhancements as necessary Bennett starts with a clear breakdown of the Common Core ELA Social Studies History and Science and Technical Subjects Standards for Grades 7 12 and what they actually look like She provides a variety of practical strategies and scaffolds that you can use immediately to enhance your curriculum and meet the standards You will learn how to Incorporate a wider variety of texts into your curriculum Teach students to use each text with purpose whether it is for close reading support argumentation or research Assign meaningful group work and projects without feeling that they have to take up your whole curriculum Help students navigate their textbooks more effectively and read for information Use the Common Core to meet the needs of diverse learners Implement the four As strategy in which students absorb content analyze information argue reasons and apply knowledge Use writing tasks to strengthen student comprehension of content Teach various forms of writing and the importance of text citations And more Throughout the book you'll find tools such as unit planning sheets daily lesson plan sheets classroom handouts sentence starters and more If you teach a content area this must have resource will help you meet the Common Core with ease

Policies and Politics of Teaching Religion Theodor Hanf,Karim El Mufti,2015-03-26 In states in which the public role of religion is controversial religious instruction becomes both a means and an end of politics This groundbreaking collection of case studies drawn from Arab Asian and European countries examines different aspects of religious instruction how it is regulated who decides its content the values it imparts and in particular whether it triggers deepens or reduces conflict

The 2011 Guide to Free Or Nearly-Free E-Books ,2011 One of the problems which face all librarians adding e books to their collections is that of bibliographic control there is no legal deposit for e books and consequently there is no single place from which new titles can be found If this is true of commercially published e books it is most certainly also true of free e books and there are many thousands of free e books available over the Internet many of which are of a quality such that librarians might wish to have them in their collections The 2011 Guide to Free or Nearly Free e Books is offered as a tool for librarians and others involved in book selection e.g teachers in schools in all sectors school further and higher education public and special libraries to facilitate easy access to free e books and e book collections which can enhance their digital library

Unschooling To University Judy L. Arnall, 2018-09-21 School is one option for education homeschooling is the second and unschooling is the third Many parents are frustrated by the school system perhaps because of bullying crowded classrooms and outdated dull online courses Disengaged learners that have no say in their coerced curriculum tend to act out tune out or drop out Education must change and unschooling is the fastest growing alternative method of learning Two decades ago students registered with their local school based on their house address Now with the internet students are borderless Learning can occur anywhere anytime anyway and from anyone including self taught Self directing their education unschoolers learn through Play Projects Reading Volunteering Video games Sports Mentorship Travel Life This book explores the path of 30 unschooled children who self directed all or part of their education and were accepted by universities colleges and other postsecondary schools Most have already graduated What children need most are close relationships parents teachers siblings relatives coaches and mentors within a wider community not just within an institutional school Educational content is everywhere Caring relationships are not Families that embrace unschooling do not have to choose between a quality education and a relaxed connected family lifestyle They can have both

College Lisa Maxwell Arter, 2018-12-15 Every year millions of high schoolers take the next step to further their education by applying to college While the typical eighteen year old spends two thirds of his or her life in school college can be a daunting prospect Teens should be able to enjoy their final years of high school without feeling stressed about their life after graduation In College The Ultimate Teen Guide Lisa Maxwell Arter addresses high school students concerns about their college futures In addition to providing an overview of the application process this book offers advice on how to choose the right schools successful application tips when and how to involve parents Uniquely this book also outlines the college

experience particularly the first year offering useful information every freshman needs to survive and thrive on campus from housing and navigating the bookstore to safety and interactions with other students faculty and university personnel Tips included here help students develop successful relationships with roommates manage stress study effectively balance school and life responsibilities plan and manage finances Featuring real stories and quotes from teens about their experiences this book guides young adults through their transition from high school to college and sheds light on the entire process from committing to a school to the end of freshman year College The Ultimate Teen Guide serves as a valuable resource for all teens whether they are just beginning to think about their future or are ready to take the next steps in their education
