The recommendations put forward promote clarity, efficiency, and effectiveness in life. The Life Lessons for Educators have nothing to do with how much or how little money, talent, or opportunities you have. They have everything to do with how educators approach their current situations, what they think, say, and do to minimize the effects of negativity for themselves, their kids, and the students in their charge.

*The Breakthrough Years* Ellen Galinsky, 2024-03-26. Blending cutting-edge research with engaging storytelling, *The Breakthrough Years* offers readers a paradigm-shifting, comprehensive understanding of adolescence. Just wait until they're a teenager. Many parents of newborns have heard this warning about the stressful phase that's to come. But what if it doesn't have to be that way? Child development expert Ellen Galinsky challenges widely held assumptions about adolescents and offers new ways for parents and others to better understand and interact with them in a way that helps them thrive. By combining the latest research on cognitive neuroscience with an unprecedented and extensive set of studies of young people nine through nineteen and their families, Galinsky reveals, among other things, that adolescents don't want to separate completely from their parents but seek a different type of relationship that they want to be helpers rather than be helped, and that social media can become a positive influence for teens. Galinsky's Shared Solutions framework and Possibilities Mindset show you how to turn daily conflicts into opportunities for problem solving where both teens and parents feel listened to and respected, how to encourage positive risk taking in your child like standing up for themselves, making new friends, and helping their communities, and how to promote five essential executive function-based skills that can help them succeed now and in the future. *The Breakthrough Years* recasts adolescence as a time of possibility for teens and adults, offering breakthrough opportunities for connection.

**So You Want to Be a Principal?** W. Fred Bowen, 2010-12-14. *So You Want To Be a Principal* relates many of the experiences Mr. Bowen encountered while working in public and international schools. It suggests that many of the circumstances are difficult and unusual, necessitating the development of a skill set that is not available prior to one's appointment as an administrator and which must therefore be learned. Death, crime, alcohol, and drug abuse, parental confrontation, cultural differences, terrorism, and school board politics are some of the areas which he describes in vivid detail.
