Grafityp Csr Manual:

The ICCA Handbook on Corporate Social Responsibility Judith Hennigfeld, Manfred Pohl, Nick Tolhurst, 2006-10-02 The world's leading companies have realized that success in the long term requires them not only to make an economic profit but also to contribute to the societies in which they operate. As a result, Corporate Social Responsibility (CSR) has moved to the top of the business agenda. Yet questions remain. Sceptics ask whether provided an organization's activities conform to legislation there is a business case for going beyond this. This unique Handbook from the Institute for Corporate Culture Affairs (ICCA) offers an invaluable combination of lessons learned and best practice for the future. It explores the general concept of CSR, investigates approaches to implementation and provides first-hand insights from well-known CEOs, academics and organizations. Above all, it stresses the fact that CSR must spring from a corporate culture implying values and norms which in themselves endorse sustainable ways of doing business. Without this shift of emphasis from shareholder returns to sustainable value, CSR can never be more than a diversion. Featuring contributions from Ben Verwaayen, CEO BT Group, Fujio Mitarai, President and CEO Canon, Sir Geoffrey Chandler, Founder Amnesty International, Business Group and Yoshio Shirai, Managing Director Toyota, as well as experiences from inside leading organizations like Volkswagen, Credit Suisse, The Body Shop and the UK Government, the ICCA Handbook of Corporate Social Responsibility showcases CEOs and companies that have seized the opportunities offered by CSR. It is intended to stimulate further exchange and development in the field. For now, it captures the state of the CSR art. The Board of Editors who have worked on this book include Katja Böhmer, Aron Ghebremariam, Judith Hennigfeld, Sandra S. Huble, Dirk Matten, Manfred Pohl, Nick Tolhurst, Wayne Visser. **Handbook of Integrated CSR Communication** Sandra Diehl, Matthias Karmasin, Barbara Mueller, Ralf Terlutter, Franzisca Weder, 2016-12-29 This handbook pursues an integrated communication approach. Drawing on the various fields of organizational communication and their relevance for CSR, it addresses innovative topics such as big data, social media and the convergence of communication channels, as well as the roles they play in a successfully integrated CSR communication program. Further aspects covered include the analysis of sector-specific, cross-cultural and ethical challenges related to the effective communication of CSR. This handbook is unique in its consistent focus on integrated communication. It is of interest not only for the scientific discourse but will also benefit those corporations that not only seek to operate in a socially responsible manner but also to communicate their efforts to their various stakeholders. Besides its significant value for researchers and professionals, the book can also be used as a reference for undergraduate and graduate students interested in successful CSR communication. **The A to Z of Corporate Social Responsibility** Wayne Visser, Dirk Matten, Manfred Pohl, Nick Tolhurst, 2009-08-27 This is the world's first complete reference on CSR compiled by the Institute for Corporate Cultural Affairs, the ICCA. The entries have been written by leading experts, leading global thinkers and CSR practitioners. In these pages lie the answers to questions such as: What do we mean by CSR?
