Gramática Intermedia Del Chino Teoría Y Práctica:

Gramática intermedia del chino Don Rimmington, 2015 *Gramática básica del chino* Don Rimmington, Xiaoming Zhang, 2014 *Compendio de gramática china* Ælfgifu Bhaillidh, 2020-09-11 La finalidad de este libro es permitir a los estudiantes de chino mandarín poder contar con la mayor cantidad de elementos gramaticales explicados en idioma español. Los elementos gramaticales abarcan desde el nivel HSK 1 al HSK 5. La explicación gramatical es de gradual y creciente dificultad además de contar con ejemplos y comparaciones que facilitan la fijación de los caracteres chinos como así permiten una mejor comprensión para el correcto uso de algunas palabras según la situación. Ya que la posibilidad de aprender el chino mandarín constituye un desafío nada fácil obligando a emplear un alfabeto compuesto por ideogramas, el libro cuenta con ejemplos sin traducción para ayudar al estudiante a familiarizarse con los ideogramas y fijar el vocabulario. A través de este libro de compendio de gramática china ya no quedan argumentos para pensar que este idioma es difícil y se accede gradualmente a modelos distintos de pensar y expresarse. Para todos aquellos hispanohablantes que quieran comenzar a dar los primeros pasos en esta lengua cada vez más extendida especialmente en el mundo de los negocios, este libro es una herramienta esencial por su claridad y aplicación práctica. También encontrar en este libro el vocabulario necesario para rendir los exámenes HSK 1 a HSK 5.

Libros de México, 1987 CNIDA informa, 1985 **Manual de Gramática Práctica de la Lengua China Moderna** Teresa Tien, 1986 *Guía práctica para escribir en chino* Boping Yuan, Kan Qian, 2009-06-21 Este libro está diseñado para todas aquellas personas con un conocimiento intermedio de chino y que necesiten redactar textos en este idioma con un estilo claro y conciso. Guía práctica para escribir en chino está concebido no solo como un libro de texto para usar en clase sino también para el autoaprendizaje o como libro de referencia para aquellas personas que ya no asisten a un curso pero que utilizan el chino en su vida cotidiana en el trabajo etc. El libro está integrado por lecciones que pueden estudiarse de manera independiente teniendo en cuenta las necesidades inmediatas y futuras del estudiante. Cada lección contiene varios textos didácticos acompañados de explicaciones u observaciones que exponen todo lo relacionado con la estructura del texto, el estilo, las expresiones relevantes y la gramática. Además el libro ofrece un amplio abanico de ejercicios con sus soluciones y un glosario chino-español.

Manual Intermedio de Gramática China Diego Santos Reyes, 2025-07-04 Cuando inicié publicando el primer Manual Elemental de Pronunciación y Gramática China en 2023 el objetivo estaba muy claro: guiar y acompañar a las personas de habla hispana en su aprendizaje del Chino Mandarín con materiales actualizados apegados a la practicidad pero también a la utilidad. Es por eso que con el pasar de los años he seguido publicando de forma sucesiva otros materiales didácticos aunados al Manual de Gramática Básica, continuación del primer manual por ejemplo: antologías de cuentos como *El Principito en Chino*, *La Mano Fantasma* y *El Carbunclo Azul* y ahora también este tercer libro titulado *Manual Intermedio de Gramática China*, obra que por mucho supera con creces a los dos tomos anteriores en cuanto a la extensión y calidad de su contenido: cada libro debe superar siempre al anterior así como

nuestro nivel de Chino que debe ir creciendo de forma exponencial por lo que en esta ocasión se abordaron a profundidad ciento treinta y seis puntos gramaticales diferentes con sus respectivas ramificaciones Solo basta con recorrer el amplio índice contenido en sus primeras páginas para notar su gran extensión y variedad de temas En la elaboración de este tomo se requirió todo a lo de trabajo varios desvelos cientos de consultas con mi maestra y amiga Tina a quien agradezco profundamente su ayuda a lo largo de todo este tiempo un viaje a Taiwan y otro a China todo con el objetivo de enriquecer cada una de sus páginas
