Grendel's Mother The Saga Of The Wyrd Wife:

Grendel's Mother Susan Signe Morrison, 2015-09-25 An amber bead A gold and glass drinking horn A ring engraved with Thor's hammer all artifacts from a Germanic tribe that carved a space for itself through brutality and violence on a windswept land Brimhild weaves peace and conveys culture to the kingdom until the secret of her birth threatens to tear apart the fragile political stability This is her story the tale of Grendel's Mother She is no monster as portrayed in the Old English epic Beowulf We learn her side of the story and that of her defamed child We see the many passages of her life the brine baby who floated mysteriously to shore the hall queen presiding over the triumphant building of the golden hall Heorot and victim of sexual and political betrayal the exiled mere wife who ekes out a marginal life by an uncanny bog as a healer and contends with the menacing Beowulf and the seer who prophesizes what will occur to her adopted people We learn how the invasion by brutal men is not a fairy tale but a disaster doomed to cycle relentlessly through human history Only the surviving women can sing poignant laments preserve a glittering culture and provide hope for the future Beowulf's Popular Afterlife in Literature, Comic Books, and Film Kathleen Forni, 2018-08-06 Beowulf's presence on the popular cultural radar has increased in the past two decades coincident with cultural crisis and change Why By way of a fusion of cultural studies adaptation theory and monster theory Beowulf's Popular Afterlife examines a wide range of Anglo American retellings and appropriations found in literary texts comic books and film The most remarkable feature of popular adaptations of the poem is that its monsters frequently victims of organized militarism male aggression or social injustice are provided with strong motives for their retaliatory brutality Popular adaptations invert the heroic ideology of the poem and monsters are not only created by powerful men but are projections of their own pathological behavior At the same time there is no question that the monsters created by human malfeasance must be eradicated **A Medieval Woman's Companion** Susan Signe Morrison, 2015-11-30 What have a deaf nun the mother of the first baby born to Europeans in North America and a condemned heretic to do with one another They are among the virtuous virgins marvelous maidens and fierce feminists of the Middle Ages who trail blazed paths for women today Without those first courageous souls who worked in fields dominated by men women might not have the presence they currently do in professions such as education the law and literature Focusing on women from Western Europe between c 300 and 1500 CE in the medieval period and richly carpeted with detail A Medieval Woman's Companion offers a wealth of information about real medieval women who are now considered vital for understanding the Middle Ages in a full and nuanced way Short biographies of 20 medieval women illustrate how they have anticipated and shaped current concerns including access to education creative emotional outlets such as art theater romantic fiction and music marriage and marital rights fertility pregnancy childbirth contraception and gynecology sex trafficking and sexual violence the balance of work and family faith and disability Their legacy abides until today in attitudes to contemporary women that have their roots in the medieval period The final chapter suggests how 20th and 21st century

feminist and gender theories can be applied to and complicated by medieval women's lives and writings Doubly marginalized due to gender and the remoteness of the time period medieval women's accomplishments are acknowledged and presented in a way that readers can appreciate and find inspiring Ideal for high school and college classroom use in courses ranging from history and literature to women's and gender studies an accompanying website with educational links images downloadable curriculum guide and interactive blog will be made available at the time of publication **Climate Changes Global**
