Griekse Mythen En Sagen:

Griekse mythen en sagen Gustav Schwab, 2013-03-12 Al meer dan vijftig drukken verschenen In hun mythen en sagen hebben de oude Grieken hun gedachten en gevoelens weergegeven over het ontstaan en voortbestaan van de wereld over de aard en de geschiedenis van hun volk In deze inmiddels klassieke bundel van Gustav Schwab zijn maar liefst 131 verhalen bijeengebracht waaronder heel beroemde die over Prometheus Heracles de Argonauten Oedipus de Trojaanse oorlog en Odysseus Goden halfgoden en eenvoudige stervelingen beleven vaak wonderbaarlijke avonturen in deze voorhistorische mythen en heldensagen Wie literaire thema's of kunsthistorische motieven wil doorgronden vindt het antwoord in deze schitterend navertelde verhalen

German-Jewish Literature in the Wake of the Holocaust P. Bos, 2005-06-03 Combining cultural history and literary analysis this study proposes a new and thought provoking reading of the changing relationship between Germans and Jews following the Holocaust Two Holocaust survivors whose work became uniquely successful in the Germany of the 1980s and 1990s Grete Weil and Ruth Kluger emerge as exemplary in their contributions to a postwar German discussion about the Nazi legacy that had largely excluded living Jews While acknowledging that the German audience for the works of Holocaust survivors began to change in the 1980s this study disputes the common tendency to interpret this as a sign of greater willingness to confront the Holocaust arguing instead that it resulted from a continued German misreading of Jews criticisms By tracing the particular cultural political impact that Weil's and Kluger's works had on their German audience it investigates the paradox of Germany's confronting the Holocaust without necessarily confronting the Jews as Germans Furthermore for the authors this literature also had a psychological impact their return to the German language and to Germany is read not as an act of mourning or nostalgia but rather as a public call to Germans for a dialogue about the Nazi past as a way to move into the public realm the private emotional and psychological battles resulting from German Jews exclusion from and persecution by their own national community

Walking Heads Antonie Ladan, 2005-07-17 Walking Heads refers to individuals especially entrenched inside their heads without any instinctive contact with the rest of the body Their childhoods were spent in situations difficult to endure and from which there was no escape Therefore and out of sheer necessity they called upon their ability to fantasize to find a way out of their situation Through these fantasies children can become the adults that they think they will be in the future In effect they enter a fantasy world that seems to be far more tolerable than the real world in which they are living at that moment in time The price that these children pay consists of sacrificing their youth for a pseudo adulthood They live without the questions of helplessness dependency and feeling ridiculous The uncontrollable and shameful desires of the body do not disturb their conscious life Everything is under control However their autonomy stands or falls with their ability to maintain a situation in which the world where the grown up who was a child once long ago remains inaccessible the door to the nursery must remain closed at all costs **De onverzadigbare vrouw (en de afwezige man)** Lisette Thooft, 2014-06-24 Mannen worden gek van de claimende bemoeizuchtige bazige controleerderige bezitterige gestresste en lastige vrouwen in hun leven Omgekeerd ergeren vrouwen zich regelmatig aan de lakse luie botte slordige ongedisciplineerde onverantwoordelijke en egocentrische mannen om hen heen Zo is het al eeuwen en eeuwen Maar intussen zijn we wel een stuk beschaafder geworden met ons allen Volgens Lisette Thooft is er een oorzakelijk verband we hebben elk r beschaafd *Brinkman's cumulatieve catalogus van boeken, en verder in den boekhandel voorkomende artikelen*, 2000 Voorts een alfabetische lijst van Nederlandsche boeken in België uitgegeven **De Griekse mythologie in een notendop** Hein L. van Dolen, 2005 Beknopte navertelling van de belangrijkste Oudgriekse mythen en sagen
