Balance Screen Time With Green Time
 Emily Morgan, 2023-12-07
 Harness the power of nature to nurture minds and hearts. Youth spend anywhere between four and nine hours on screens every single day. Meanwhile, a growing body of research shows how detrimental excessive screen time is on physical and mental health. The antidote: Green time. Written by bestselling author and science educator Emily Morgan, *Balance Screen Time With Green Time* gives teachers and school leaders practical, evidence-based strategies that seamlessly incorporate the restorative power of nature into the school day. Transform learning experiences and improve student and educator well-being with research-based strategies that improve attention, engagement, pro-environmental behaviors, and mental and physical health while reducing stress. Dozens of easy-to-implement green breaks, short invigorating experiences with nature that help students and teachers renew and refocus throughout the school day. Stories of innovative educators who connect students with nature and offer meaningful ways to integrate green time while enhancing learning. A curated collection of resources to support educators of all grade levels, content areas, and school environments: urban, suburban, and rural. With green time, we have an opportunity to create a generation of students who are not only more connected to the natural world but are also the environmental stewards our future so desperately needs. Balancing screen time with green time is an investment in student well-being, our collective future, and a healthier planet.

Boost Your STEAM Program with Great Literature and Activities
 Liz Knowles, Martha Smith, 2018-06-01
 You've created a STEAM program in your library, but how do you work literacy into the curriculum? With this collection of resource recommendations, direction for program development, and activities, you'll have students reading proficiently in no time. Many schools and libraries are implementing STEAM programs in the school library makerspace to promote problem-solving by allowing students to create their own solutions to a problem through trial and error. In order to enhance literacy development in the STEAM program, however, they need resources for integrating literature into the curriculum. In this collection of resources for doing just that, veteran education professionals and practiced coauthors Liz Knowles and Martha Smith bring readers over eight hundred recommended and annotated books and web resources selected based on research on successfully integrating STEAM and
