Forthcoming Books Rose Army,2003 **Revelations in a Brown Paper Bag** Gary H. Collier,2012-07 If you desire revelation of truth you must start with an empty cup That is you must rid yourself of all preconceived notions Scripture says that wisdom begins with the fear of God An empty cup with the fear of God is the foundation of truth Contemplate all you encounter from that perspective If you struggle with your health and your faith then it s time to empty your cup of all your preconceptions As you learn to fill it with God s truth you will find refreshment for both your soul and body Dr Collier begins by laying out a strong spiritual foundation for readers then builds on this by addressing the ways that external and internal energy sources can affect our lives and examining the healing power of God as shown in scripture By looking at both spiritual and physical causes for illness Dr Collier shows the important roles of both faith and science His medical background is obvious as he provides readers with health and nutrition guidelines but his spiritual authority is also clear through his inspired insight into scripture Despite a prophetic word from God that he would write a book that would bless many people Dr Collier struggled with fruitless attempts until a patient arrived with the purpose of praying over him in tongues She told him God told you to write a book and he wants it done Shortly after this encounter he began waking up in the middle of the night with revelations that illuminated certain scriptures He would write them down and throw them into a paper sack Finally he collected them into the book you hold in your hands Revelations in a Brown Paper Bag , The American Florist ,1924 **The Organic Grain Grower** Jack Lazor,2013 The Organic Grain Grower is an invaluable resource for both home scale and commercial producers interested in expanding their resiliency and drop diversity through growing their own
