An Adult Coloring Book for Gay Men - Gay Paintings Associate Provost and Dean of the Graduate School Scott Shannon, M.D., Scott Shannon, 2015-09-09 Millions of adults around the world have started to color again in the past couple of years A lot of the books are just geometric patterns that some people claim relieve stress I think they do at least for me As adults we may only if we choose color within the lines I wanted this coloring book to be different from most of the other coloring books for adults I d like you to be able to create real art from your coloring art that may be framed and hung on the wall To make that possible I found 38 pieces of art from the 19th and 20th centuries These are paintings and a few drawings that deal with gay themes I also left most of the drawings with texture and shading so that they will be a cut above the usual finished coloring page You won t find a lot of big penises in this art like you might find in modern fantasy gay art And I believe you ll recognize a great deal of this art as porno for wealthy Victorian gentlemen Scott Shannon is a freelance artist and graphic designer
