Handbook of Chinese Management

Check-Teck Foo, 2023-08-01

This handbook explores the theme of managing inside China and consists of chapters that communicate the major managerial concepts within the context of Mainland China. Its key emphasis is to clearly highlight the differences in the art of managing in China vs the West while acknowledging that these differences may be narrowing as a result of globalization. Chapters in the book elaborate on how management is affected as China experiences rapid change while some aspects of Chinese culture remain unchanged and steeped in tradition. The book goes further in exploring this complexity by juxtaposing China's orientation towards interpersonal relations or *guanxi* with the government's emphasis on law which is now becoming more rule based than before. Business Management academics and practitioners will gain useful insight into Chinese management practices and their contrast to established Western ones when they use the Handbook of Chinese Management as a reference.

Handbook of Research on Cyber Law, Data Protection, and Privacy Dewani, Nisha Dhanraj, Khan, Zubair Ahmed, Agarwal,

Aarushi, Sharma, Mamta, Khan, Shaharyar Asaf, 2022-04-22 The advancement of information and communication technology has led to a multi dimensional impact in the areas of law regulation and governance. Many countries have declared data protection a fundamental right and established reforms of data protection law aimed at modernizing the global regulatory framework. Due to these advancements in policy the legal domain has to face many challenges at a rapid pace making it essential to study and discuss policies and laws that regulate and monitor these activities and anticipate new laws that should be implemented in order to protect users. The Handbook of Research on Cyber Law Data Protection and Privacy focuses acutely on the complex relationships of technology and law both in terms of substantive legal responses to legal social and ethical issues arising in connection with growing public engagement with technology and the procedural impacts and transformative potential of technology on traditional and emerging forms of dispute resolution. Covering a range of topics such as artificial intelligence data protection and social media this major reference work is ideal for government officials policymakers industry professionals academicians scholars researchers practitioners instructors and students.
