problems can be described as errors that can be detected and classified in order to fit a remediation pattern. Regardless of the source of error, the remedy is to train the individual to avoid or eliminate errors; thus, an orderly procedure will result in competent performance. Inept communicators must be made aware of the obligations and constraints imposed by deep structures that require us to achieve a degree of formal order in our language without which our discourse becomes incomprehensible.

Guatemala National Geographic Maps, 2013-01-15 National Geographic's Guatemala and Belize AdventureMap is designed to meet the unique needs of adventure travelers with its durability and accurate information. Each folded map provides global travelers with the perfect combination of detail and perspective, highlighting the areas, terrain, and best locations for adventure activities like snorkeling, surfing, fishing, and more. AdventureMaps include hundreds of points of interest that highlight diverse and unique destinations within the region. The map includes the locations of thousands of cities and towns with a user-friendly index plus a clearly marked road network complete with distances and designations for major highways, main roads, and tracks and trails for those seeking to explore more remote regions. AdventureMaps are printed in the United States on a durable synthetic paper making it waterproof, tear-resistant, and tough, capable of withstanding the rigors of international travel. The map is two-sided and can be folded to a packable size of 4 25 x 9 25; unfolded size is 26 x 38. Net proceeds from the sale of this map go to support the nonprofit mission of the National Geographic Society.

An Archaeological Guide to Northern Central America Joyce Kelly, 1996
 Tikal, Copán, Uaxactún, ancient Maya cities whose names conjure up romance, mystery, and science all at once. Joyce Kelly's clear descriptions and captivating photographs of these and many other sites will make you want to pack your bags and head for Central America. And when you arrive, this guidebook will not let you down. It covers 38 sites and 25 museums more than any other guidebook in Belize, Guatemala, Honduras, and El Salvador. Kelly's information is accurate and up to date; she has visited every site personally. The descriptions include all the major, well-known sites and many not appearing in other guidebooks. Kelly describes each site and museum from its pyramids and temples to its hieroglyphic stairways and eccentric flints. She includes many site plans, and her description of each site includes its ancient history as well as its recent archaeological activity. Equally important, Kelly describes exactly how to get there. Clear maps and precise written directions include the distance in miles and kilometers and the driving time required for each segment of the trip. If you need a four-wheel drive vehicle to negotiate rutted dirt roads, Kelly tells you. If you need a guide, she tells you where to find one.
