Caught Marie Gottschalk, 2016-02-16 A major reappraisal of crime and punishment in America The huge prison buildup of the past four decades has few defenders yet reforms to reduce the numbers of those incarcerated have been remarkably modest Meanwhile an ever widening carceral state has sprouted in the shadows extending its reach far beyond the prison gate It sunders families and communities and reworks conceptions of democracy rights and citizenship posing a formidable political and social challenge In Caught Marie Gottschalk examines why the carceral state remains so tenacious in the United States She analyzes the shortcomings of the two dominant penal reform strategies one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism With a new preface evaluating the effectiveness of recent proposals to reform mass incarceration Caught offers a bracing appraisal of the politics of penal reform

Communities of Restoration Thomas Noakes-Duncan,2017-10-19 By bringing together the insights of ecclesial ethics an approach that emphasizes the distinctive nature of the church as the community that forms its mind and character after its reading of Scripture with the theory and practice of restorative justice a way of conceiving justice making that emerged from the Mennonite Anabaptist tradition this book shows why a theological account of the theory and practice of restorative justice is fruitful for articulating and clarifying the witness of the church especially when faced with conflict or wrongdoing This can help extend the church s imagination as to how it might better become God s community of restoration as it reflects

on the ways in which the justice of God is taking shape in its own community How does an ecclesial context shape the theological apprehension and praxis of justice This question orientates the book In particular it asks how in view of its members having been admitted into God's restoring justice in Christ the church might embody in the world this same justice of restoring right relationships While Christian reflection on the nature of justice has tended to favour a judicial and retributive conception of justice it will be argued that the biblical understanding of the justice of God is best understood as a saving liberating and restorative justice It is this restorative conception that ought to guide the community that reads Scripture so that it might be embodied in life
