The Encyclopedia of Science Fiction Peter Nicholls, 1979 **Framed** Elizabeth Carolyn Miller, 2008-10-30 Framed uses fin de siècle British crime narrative to pose a highly interesting question why do female criminal characters tend to be alluring and appealing while fictional male criminals of the era are unsympathetic or even grotesque In this elegantly argued study Elizabeth Carolyn Miller addresses this question examining popular literary and cinematic culture from roughly 1880 to 1914 to shed light on an otherwise overlooked social and cultural type the conspicuously glamorous New Woman criminal In so doing she breaks with the many Foucauldian studies of crime to emphasize the genuinely subversive aspects of these popular female figures Drawing on a rich body of archival material Miller argues that the New Woman Criminal exploited iconic elements of late nineteenth and early twentieth century commodity culture including cosmetics and clothing to fashion an illicit identity that

enabled her to subvert legal authority in both the public and the private spheres This is a truly extraordinary argument one that will forever alter our view of turn of the century literary culture and Miller has demonstrated it with an enrapturing series of readings of fictional and filmic criminal figures In the process she has filled a gap between feminist studies of the New Woman of the 1890s and more gender neutral studies of early twentieth century literary and social change Her book offers an extraordinarily important new way to think about the changing shape of political culture at the turn of the century John Kucich Professor of English Rutgers University Given the intellectual adventurousness of these chapters the rich material that the author has brought to bear and its combination of archival depth and disciplinary range any reader of this remarkable book will be amply rewarded Jonathan Freedman Professor of English and American Culture University of Michigan Elizabeth Carolyn Miller is Assistant Professor of English at the University of California Davis digitalculturebooks is an imprint of the University of Michigan and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society culture and scholarly communication Visit the website at www.digitalculture.org *Subject Catalog* Library of Congress, *The Publishers' Trade List Annual* ,1985 *Books in Series* ,1980 *American Book Publishing Record Cumulative, 1950-1977: Fiction.
