As politicians, managers are called upon to bring together parties with different and often competing agendas and to demonstrate the experience, capabilities, and qualities necessary to solve problems and make decisions in a timely fashion. As politicians, managers must be keenly aware of the human and organizational aspects of conflict along with techniques to resolve it while successfully balancing individual, group, and organization-wide goals and priorities. *The Manager as Politician* examines the dynamics of organizational power plays and interpersonal communication and shows managers how to step over landmines, overcome challenges, and develop the skills and instincts necessary for political survival. Jerry W. Gilley outlines the key roles and responsibilities of the political navigator who is adept at identifying allies and foes, building trust, and delivering results.
