Kūhaku & Other Accounts from Japan Bruce Rutledge, 2004 Sixteen stories and essays by different writers destroy the many stereotypes about Japan *Do You Know what it Means to Miss New Orleans?* Chin Music Press, 2006 An arousing assortment of tales filled to the brim with blood and spit Follow our heroes and heroines as they escape from a sinking city Featuring a woman on a flying trapeze a down and out jazz pianist a teenage float grunt acclaimed writers drunken professors and radical Southern intellectuals *Redacted* Jonathan Abel, 2012-09-13 At the height of state censorship in Japan more indexes of banned books circulated more essays on censorship were published more works of illicit erotic and proletarian fiction were produced and more passages were Xed out than at any other moment before or since As censors construct and maintain their own archives their acts of suppression yield another archive filled with documents on against and in favor of censorship The extant archive of the Japanese imperial censor 1923 1945 and the archive of the Occupation censor 1945 1952 stand as tangible reminders of this contradictory function of censors As censors removed specific genres topics and words from circulation some Japanese writers converted their offensive rants to innocuous fluff after successive encounters with the authorities But another coterie of editors bibliographers and writers responded to censorship by pushing back using their encounters with suppression as incitement to rail against the authorities and to appeal to the prurient interests of their readers This study examines these contradictory relationships between preservation production and redaction to shed light on the dark valley attributed to wartime culture and to cast a shadow on the supposedly bright open space of free postwar discourse Winner of the 2010 2011 First Book Award of the Weatherhead East Asian Institute Columbia University **J@pan, Inc**, 2003 **First 100 Japanese Kanji**, 2013-12-31 This is an invaluable study guide for learning essential Japanese characters The First 100 Japanese Kanji is intended for beginning students or experienced speakers who need to practice writing Japanese characters Kanji are an essential part of the Japanese language and together with kana hiragana and katakana comprise the written components of Japanese This book presents the kanji characters that are most commonly used They have been carefully selected for rapid and efficient learning Each kanji's readings meanings and common compounds are presented and romanized pronunciations for English speakers romanji are included as well Stroke order guides are designed to teach students the standard sequence of strokes used to write each character Three indexes at the back allow the characters to be looked up as with a dictionary or by their readings This book includes Step by step stroke order diagrams for each character Words and phrases using each kanji Romanizations romanji to help identify and pronounce every word **Japan, Its History, Arts and Literature** Frank Brinkley, 1901 **The Japan Chronicle**, 1911 *Rhetorics of Responsibility* Mariko Izumi, 2007 **Institutions for Change in Japanese Society** George A. De Vos, 1984 **Archaeology and History of Toraijin** Song-nai Rhee, C. Melvin Aikens, Gina L. Barnes, 2021-09-09 In light of the recently uncovered archaeological data and ancient historical records this book offers an overview of the 14 centuries

Morris, 2011 Morris successfully weaves the intricacies of baseball's history into a compelling narrative while giving us a keen analysis of its larger significance It is rare to find someone who can pull that off This is an absorbing and distinguished addition to sports history to Taiwanese history and to studies of colonialism and its aftermath William Kelly Yale University Colonial Project National Game offers an engaging and penetrating analysis of the culture of baseball in Taiwan in both its local and global conditions Morris weaves details into a compelling narrative that is as much about the game on the field as the game being played out in the arenas of ethnicity nationalism and geopolitics Morris's study is a model of sophistication and lucidity He demonstrates that through a perceptive reading of the mundane world of curve balls and player contracts we can better understand the ideological substructure of the social Joseph R Allen University of Minnesota Twin Cities *Formations of Colonial Modernity in East Asia* Tani E. Barlow, 1997 The essays in *Formations of Colonial Modernity in East Asia* challenge the idea that notions of modernity and colonialism are mere imports from the West and show how colonial modernity has evolved from and into unique forms throughout Asia Although the modernity of non European colonies is as indisputable as the colonial core of European modernity until recently East Asian scholarship has tried to view Asian colonialism through the paradigm of colonial India for instance failing to recognize anti imperialist nationalist impulses within differing Asian countries and regions Demonstrating an impatience with social science models of knowledge the contributors show that binary categories focused on during the Cold War are no longer central to the project of history writing By bringing together articles previously published in the journal *positions* east asia cultures critique editor Tani Barlow has demonstrated how scholars construct identity and history providing cultural critics with new ways to think about these concepts in the context of Asia and beyond Chapters address topics such as the making of imperial subjects in Okinawa politics and the body social in colonial Hong Kong and the discourse of decolonization and popular memory in South Korea This is an invaluable collection for students and scholars of Asian studies postcolonial studies and anthropology Contributors Charles K Armstrong Tani E Barlow Fred Y L Chiu Chungmoo Choi Alan S Christy Craig Clunas James A Fujii James L Hevia Charles Shiro Inouye Lydia H Liu Miriam Silverberg Tomiyama Ichiro Wang Hui *Blanks, Print, Space, and Void in English Renaissance Literature* Jonathan Sawday, 2023 This book is an inquiry into blank or empty spaces in primarily English printed books in the period c 1500 c 1700 as well as in Renaissance culture more generally The book concentrates on the substrate the background of any printed work which is often held to be empty or blank space These spaces are also considered as gaps where text or images are constructed as missing lost withheld or perhaps never devised in the first place The topics discussed include space and silence emptiness and absence the vacuum race and racial identity blackness and whiteness together with lightness darkness and sightlessness cartography and emptiness the effect of typography on reading
