 Congress, Performing Character in Modern Irish Drama Michał Lachman,2018-05-23 This book is about the history of
 character in modern Irish drama It traces the changing fortunes of the human self in a variety of major Irish plays across the
 twentieth century and the beginning of the new millennium Through the analysis of dramatic protagonists created by such
 authors as Yeats Synge O Casey Friel and Murphy and McGuinness and Walsh it tracks the development of aesthetic and
 literary styles from modernism to more recent phenomena from Celtic Revival to Celtic Tiger and after The human character
 is seen as a testing ground and battlefield for new ideas for social philosophies and for literary conventions through which
 each historical epoch has attempted to express its specific cultural and literary identity In this context Irish drama appears to
 be both part of the European literary tradition engaging with its most contentious issues and a field of resistance to some
 conventions from continental centres of avant garde experimentation Simultaneously it follows artistic fashions and redefines
 them in its critical contribution to European artistic and theatrical diversity
