Makerspaces Top Trailblazing Projects A Lita Guide:

Makerspaces Caitlin A. Bagley, 2014-02-06 Bagley examines nine makerspaces in public academic and school libraries describing their design and technical decisions in depth and showing how each is doing something unique and different under a wide range of budgets and project offerings

Makerspaces Caitlin A. Bagley, 2014-02-06 Spaces that have been designed to allow users to create build and learn new projects and technologies makerspaces employ a variety of tools such as 3 D printers AutoCAD design software and even open source hardware like Arduino Kits Developing a community around shared use of space and equipment a tenet of the makerspace movement fits squarely into libraries mission Bagley examines nine makerspaces in public academic and school libraries describing their design and technical decisions in depth and showing how each is doing something unique and different under a wide range of budgets and project offerings Enabling readers to quickly gather information about these trailblazing projects Bagley s guide Defines the makerspace and describes why it fits perfectly into the library s role as community center Answers common questions about implementing a makerspace project detailing how libraries are addressing issues such as registration usage policy noise software programs in digital workspaces adapting spaces funding and promotion Illustrates approaches libraries are taking to staffing makerspaces from Anchorage Public Library s Maker in Residence and Mesa Public Library s THINKspot coordinator to the library school students involved with University of Michigan and University of Illinois makerspace projects Covers the demographics of makerspace users from children and teens to hobbyists and job seekers offering guidance for targeting marketing and programming A sourcebook of ideas that readers can apply at their own institutions this resource also demonstrates how makerspaces can be gathering places for people to learn how to create and build together as a community

The LITA Leadership Guide Carl Antonucci, Sharon Clapp, 2017-04-20 The LITA Leadership Guide from the American Library Association division charged with information technology brings together three important professional development topics leadership entrepreneurship and technology in one volume uniting theory practice and case studies from experienced colleagues in the field Topics include cultivating creativity career pivots forecasting and planning for change keeping tech and leadership skills ahead of the curve and incorporating lessons and knowledge from across sectors Additional concepts include professional development evaluating risk overcoming barriers to innovation and seeding success in your career and organization The book will help librarians at every level of the career ladder and will supplement leadership and skill based training workshops Library leadership teams interested in the development of their staff as a means of improving their organizational performance will find this book to provide context for growth training and collaboration This book provides big picture concepts that affect the many stages of a librarian s career Librarian as Leader Librarian as Entrepreneur and Librarian as Technologist and thus is suitable for staff development discussion groups or courses This LITA Guide will help librarians understand how to chart their career development across these three foundational platforms and become familiar

with how peers have successfully created positive change for themselves and their libraries as leaders entrepreneurs and technologists ICIE 2018 6th International Conference on Innovation and Entrepreneurship Dr. Denise A. D. Bedford, Dr. Elias G. Carayannis, 2018-03-05 These proceedings represent the work of researchers participating in the 6th International Conference on Innovation and Entrepreneurship ICIE 2018 which is being co hosted by Georgetown University and George Washington University and is being held at The University of the District of Columbia UDC on 5 6 March 2018

Supporting Entrepreneurship and Innovation Janet Crum, Samantha Schmehl Hines, 2019-04-29 Libraries have recently begun doing more to support entrepreneurship and innovation within their communities This volume explores how this has come about looking at libraries from across North America Europe and Africa and helps position readers to better understand what is happening and how this can be brought to further institutions **Data Visualization** Lauren Magnuson, 2016-09-15 Data Visualization A Guide to Visual Storytelling for Libraries is a practical guide to the skills and tools needed to create beautiful and meaningful visual stories through data visualization Learn how to sift through complex datasets to better understand a variety of metrics such as trends in user behavior and electronic resource usage return on investment ROI and impact metrics and data about library collections and repositories Sections include Identifying and interpreting datasets for visualization Tools and technologies for creating meaningful visualizations Case studies in data visualization and dashboards Data Visualization also features a 20 page color insert showcasing a wide variety of visualizations generated using an array of data visualization technologies and programming languages that can serve as inspiration for creating your own visualizations Understanding and communicating trends from your organization s data is essential Whether you are looking to make more informed decisions by visualizing organizational data or to tell the story of your library s impact on your community this book will give you the tools to make it happen Emerging Technology-Based Services and Systems in Libraries, Educational Institutions, and Non-Profit Organizations Chiu, Dickson K. W., Ho, Kevin K. W., 2023-08-10 The global economy and organizations are evolving to become service oriented and driven by technology and this is not just limited to commercial work Further study on this evolution is required to fully understand the phenomenon Emerging Technology Based Services and Systems in Libraries Educational Institutions and Non Profit Organizations covers IT enabled creation curation representation communication storage retrieval analysis and use of records documents files data learning objects and other contents It also acts as a forum for interdisciplinary and emerging topics such as socio information studies educational technologies knowledge management big data artificial intelligence personal information protection digital literacy other media and technology innovation topics in their applications to libraries as well as other areas such as education information government and NGOs Due to this it is ideal for industry professionals librarians administrators policymakers higher education faculty researchers academicians scholars practitioners instructors and students **Build It, Make It, Do It, Play It!** Catharine Bomhold, Terri Elder, 2014-06-30 A valuable one stop guide to

collection development and finding ideal subject specific activities and projects for children and teens For busy librarians and educators finding instructions for projects activities sports and games that children and teens will find interesting is a constant challenge This guide is a time saving one stop resource for locating this type of information one that also serves as a valuable collection development tool that identifies the best among thousands of choices and can be used for program planning reference and readers advisory and curriculum support Build It Make It Do It Play It identifies hundreds of books that provide step by step instructions for creating arts and crafts building objects finding ways to help the disadvantaged or engaging in other activities ranging from gardening to playing games and sports Organized by broad subject areas arts and crafts recreation and sports including indoor activities and games and so forth the entries are further logically organized by specific subject ensuring quick and easy use *Freundeskreise und Fördervereine* Petra Hauke, 2015-05-19 In addition to addressing topics of practical relevance to the work of library support groups including advocacy efforts and fundraising this anthology presents example projects from actual practice worthy of emulation It clearly discusses prerequisites for success as well as potential areas of conflict Ultimately it aims to inspire support groups as well as demonstrate their value to libraries This publication was produced as part of a project seminar held at Humboldt University in Berlin It is directed at library support groups library employees as well as scholars of the library sciences *Makerspace and Collaborative Technologies* Beth Thomsett-Scott, 2020-03-09 So what are library patrons doing with makerspaces and other innovative technology This book explores how patrons are using innovative technologies utilizing real life case studies from a variety of academic institutions Authors were selected based on the technology provided and their expertise in establishing and marketing this technology Readers will discover which pieces of technology get the most use if patrons tend to use the tech for class assignments or leisure activities the importance of working with faculty to increase use unusual collaboration opportunities examples of libraries nimbly expanding their spaces to include tech students need unique ways patrons employ the technology best practices for designing collaborative creative spaces Technologies discussed include Microsoft HoloLens virtual reality and augmented reality systems and support tools 3D modeling and printing makerspace additions beyond the usual instructional technologies used by patrons video production and editing equipment tool library technology lending programs what students want Dive in to explore the uncharted seas of which technologies patrons are using how they are using them and the purposes of use As added bonuses authors include best practices on designing space marketing the technology and collaborating to enhance the use While authors do not go into any depth on the workings of the technology there are other supplementary books which will cover this area *Makerspace and Collaborative Technologies* specifically looks at how and why patrons are using library provided creative technologies Library staff who work with creative technologies in any way shape or form will find this book useful With the valuable information contained in this guide libraries can reach their users and create spaces and interactions that keep them coming back **Makerspaces for**
