[Programming Reality](#) Zoë Druick,Aspa Kotsopoulos,2008-08 *Programming Reality* Perspectives on English Canadian Television the first anthology dedicated to analyses of Canadian television content is a collection of original interdisciplinary articles combining textual analysis and political economy of communications It explores the television that has thrived in the Canadian regulatory and

cultural context namely programs that straddle the border between reality and fiction or even blur it The conceptual basis of this collection is the hybrid nature of television fare the widely theorized notion that all mediations of reality involve fiction in the form of narrative or symbolic shaping Each of the contributions here is a reminder too of the significant relationship of television to nation building in Canada to the imaginative work involved in thinking through the relations that constitute nations citizens and communities The collection focuses on English language Canadian television because the imperatives guiding its texts are markedly different from those pertaining to their French language counterparts The collection therefore develops a nuance of perspective on the cultural and political economic specificities that inform the imaginative work of television production for English Canada

The Integration of Minor League Baseball Rick Swaine, Gary C. Fink, 2025-05-20 Though much has been written about Negro Leagues players and Black major leaguers of the integration era little attention has been given to the accomplishments and struggles of Black minor league pioneers This work is a history of minor league integration with complete records for the more than one thousand players of color who toiled in Organized Baseball's minor leagues from 1946 to 1959 competing against the odds for a shot at the big leagues that few would get This work is a tribute to an underappreciated group of men who helped clear away the vestiges of a racist system that kept many of the game's best players from gaining the recognition they deserved Only about 10% would ever appear in the major leagues but the careers of Black major league stars of the 1950s and 1960s were built on the backs of this largely forgotten generation of players The underlying statistical and demographic information is compiled in a comprehensive register of players that were not or probably would not have been given a chance in Organized Baseball prior to the crossing of the color barrier due to their racial heritage
