Key Ideas in Criminology and Criminal Justice Travis C. Pratt, Jacinta M. Gau, Travis W. Franklin, 2010-10-20 Integrates the most salient research within the interconnected fields of criminology and criminal justice Key Ideas in Criminology and Criminal Justice Travis C. Pratt, Jacinta M. Gau, Travis W. Franklin, 2010-10-20 By focusing on key ideas in both criminology and criminal justice this book brings a new and unique perspective to understanding critical research in criminology and criminal justice heretofore the practice has been to separate criminology and criminal justice However given their interconnected nature this book brings both together cohesively In going beyond simply identifying and discussing key contributions and their effects by giving students a broader socio political context for each key idea this book concretely conceptualizes the key ideas in ways that students will remember and understand Criminology + Key Ideas in Criminology and Criminal Justice, 2014 Historical Criminology David Churchill, Henry Yeomans, Iain Channing, 2021-11-29 This book sets an agenda for the development of historical approaches to criminology It defines historical criminology explores its characteristic strengths and limitations and considers its potential to enhance revise and fundamentally challenge dominant modes of thinking about crime and social responses to crime It considers the following questions What is historical criminology What does thinking historically about crime and justice entail How is historical criminology currently practised What are the advantages and disadvantages of different approaches to historical criminology How can historical criminology reshape understandings of crime and social responses to crime How does thinking historically bear upon major theoretical conceptual and methodological questions in criminological research What does thinking historically have to offer criminological scholarship more broadly and the uses of criminology in the public realm In this book Churchill Yeomans and Channing situate historical thinking at the heart of historical criminology reveal the value of historical research to criminology and argue that criminologists across the field have much to gain from engaging in historical thinking in a more regular and sustained way This book is essential reading for all criminologists as well as students taking courses on theories concepts and methods in criminology **Crime Analysis With Crime Mapping** Rachel Boba Santos, 2012-02-29 In this text Santos criminal justice Florida Atlantic U covers theories practice data and analysis techniques associated with crime mapping and crime analysis The first two parts of the text describe the field's theoretical foundations and detail the crime analysis process Part 3 describes the data techniques and products of tactical crime analysis and part 4 explains techniques used in analyzing long term crime and disorder problems offering case examples Part 5 considers administrative crime analysis Revised to reflect current research and methods this third edition provides a new typology that categorizes crime analysis results by the type of problem examined the purpose of the analysis and the type of audience for which the results are produced Also new are profiles of professionals The text is illustrated with b w and two color charts maps and aerial photos The student website provides police reports links to journal articles and a link to ATAC software which allows

students to conduct crime analysis themselves The instructor website offers tests slides syllabi and assignments Annotation 2012 Book News Inc Portland OR booknews com *An Analysis of Michael R. Gottfredson and Travis Hirschi's A General Theory of Crime* William J Jenkins,2017-07-05 Michael R Gottfredson and Travis Hirschi s 1990 A General Theory of Crime is a classic text that helped reshape the discipline of criminology It is also a testament to the powers of clear reasoning and interpretation In critical thinking terms reasoning is all about presenting a solid and persuasive case and as many people instinctively understand the most persuasive reasoning is that which bases itself on a single simple hook In Gottfredson and Hirschi s case this hook was what has come to be known as the self control theory of crime the idea that the tendency to commit crime is directly related to an individual s level of self control While the dominant schools of thought of the time tended to focus on crime as the product of complex environmental factors with little attempt to unify different theories Gottfredson and Hirschi sought to interpret things so as to provide a single overarching concept that explained why crimes of all sorts were committed Moreover while other theories of crime concentrated on understanding and explaining specific types of law breaking the self control model could in Gottfredson and Hirschi s view be seen as the basis for understanding the root cause for all crime in all contexts While such simplicity inevitably attracted as much criticism as agreement subsequent studies have provided real world corroboration for the General Theory s persuasive reasoning **Handbook on Crime and Inequality** Stephen Farrall,Susan McVie,2025-01-09 In this Handbook Stephen Farrall and Susan McVie bring together a diverse array of leading experts to examine the relationship between different aspects of crime and inequality They employ a variety of geographical and individual lenses and use case studies from the Global North and South

Corrections: A Text/Reader Mary K. Stohr,Anthony Walsh,Craig Hemmens,2012-03-20 Corrections A Text Reader Second Edition is designed for undergraduate and or graduate corrections courses Organized like a traditional corrections text it offers brief authored introductions in a mini chapter format for each key Section followed by carefully selected and edited original articles by leading scholars This hybrid format ensuring coverage of important material while emphasizing the significance of contemporary research offers an excellent alternative which recognizes the impact and importance of new directions and policy in this field and how these advances are determined by research **Sentencing** Ralph

Henham,2013-10-01 Sentencing is the process through which the legitimacy of punishment is declared and justified However it is increasingly portrayed as a social activity which should be more responsive to the pluralistic needs and values of individuals and communities in contemporary society It will therefore have to adapt to an array of different perceptions of what justice is and how it should be delivered as well as different sensitivities and emotional responses to sentencing processes and outcomes At a time when fundamental questions are being asked about the relevance of existing forms of punishment in contemporary society Sentencing argues for a profound normative understanding of the relationship between sentencing and its perception by citizens vital if we are to fully comprehend the nature and significance of punishment and the particular challenges it faces as a force for social cohesion Henham explores this theme by focusing on key areas of debate within the field the treatment of gender and race in sentencing the future role of sentencing in criminal justice governance the development of new criteria for evaluating sentencing within a more socially inclusive framework Henham suggests that a greater focus on the relationship between penal ideology and the impact of sentencing in the wider community is essential for effective future policy making in this area Sentencing will be useful for both undergraduate and postgraduate students of law criminology criminal justice and sociology as well as for academics and criminal justice policymakers **The Subjective Value of Privacy** Lukas Antoine,2024-10-24 This book critically examines the subjective

value of privacy in the context of state surveillance exploring how individuals assess costs and benefits of surveillance It delves into the complex relationship between attitudes towards privacy security and state surveillance and challenges the conventional privacy versus security trade off through three empirical studies The first study finds that security justifications for surveillance indeed influence public support for surveillance particularly in liberal democracies The second study reveals how financial costs and personal convenience influence support for surveillance The third study suggests that privacy attitudes may be a stable personality trait influencing decisions across various contexts By employing cross comparative

analysis and experimental designs this book enhances our understanding of privacy's subjective value refines theoretical frameworks and offers insights into individual decision making about privacy By highlighting the dynamic nature of privacy preferences this work reveals limitations of simplistic theoretical models and sets the stage for future research in the privacy security nexus Courts Cassia Spohn, Craig Hemmens, 2011-11-09 Authored text sections and carefully selected

accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century Edited readings introduce students to classic studies of the criminal court system and to cutting edge research on decision making by court actors An introduction to each reading gives students an overview of the purpose main points and conclusion of each article and evaluates their policy implications How to Read a Research Article tied to the first reading in the book guides students in understanding and learning from the research articles Mini chapters precede the selection of readings and offer clear and concise explanations of key terms and concepts in each section coupled with boxes with special interest topics and review materials that enhance student comprehension **The Oxford Textbook on**
