Boffard, Jonathan White, 2024-06-07 Developed for the International Association for Trauma Surgery and Intensive Care
IATSIIC the Manual of Definitive Surgical Trauma Care 6e is ideal for training all surgeons and anaesthetists who manage
trauma on an infrequent basis The Manual is updated every 4 years and reflects the most recent developments in patient

required has been expanded A significant number of the original guidelines in trauma have been archived as they are no
longer pertinent or have been superseded The increasing and occasionally harmful role of non operative management NOM
has been recognized The Military Environments and Austere Environments chapters have been substantially revised to
