Machiavel Uvres Compltes:

Machiavelli - The First Century Sydney Anglo, 2005-06-23 Between 1513 and 1525 Niccol Machiavelli wrote a series of works dealing with political military and historical matters One of these the *Arte della guerra* was published in 1521 but the rest of his major writings were not published until 1531 2 nearly five years after his death They continued to be reissued regularly well into the early seventeenth century The popularity of Machiavelli s books the variety of his themes the different contexts within which he was studied the range of readers interests and the fact that his name entered the vocabulary of every European language all make his early reception a fruitful field of enquiry Historians of ideas have tended to tidy up the past in order to make it comprehensible but Sydney Anglo is concerned with heterogeneity and with the often irrational and emotional aspects of sixteenth century thought Basing his research entirely upon primary sources he quotes extensively in the conviction that in a battle of words the words themselves and their tone convey more than summaries of intellectual abstractions Authors hostile enthusiastic and indifferent are closely examined and many different contexts political and intellectual are considered Sometimes Machiavelli was influential sometimes not but in this history of his reception silences often prove significant Written in a lively and trenchant style this new interpretation of the impact of Machievalli is an original contribution of high quality by a leading expert in the field of Renaissance studies Opere complete di Niccolò Machiavelli Niccolò Machiavelli, 1831 *Oeuvres completes* Voltaire, 1792 Opere complete di Niccolò Machiavelli cittadino e segretario fiorentino Niccolò Machiavelli, 1833 **Machiavelli's Discourses on Livy: New Readings** Diogo Pires Aurélio, Andre Santos Campos, 2021-10-11 Machiavelli is chiefly known for *The Prince* but his main considerations on politics are found in his later work *Discourses on Livy* Despite this book s historical and theoretical importance its complexity length and style have often discouraged new readers and interpreters of Machiavelli from engaging with it For this reason the *Discourses* has not been given the attention it deserves This volume of newly commissioned essays by some of the world s leading Machiavelli experts seeks to remedy this deficiency It is the first collective volume dedicated specifically to this profound work covering topics such as Machiavelli s republicanism the relation between liberty and tyranny the role of religion Machiavelli s conception of history his writing style his view of society as a plural and conflictive body his suggestion of how a free state should be organized and his notions of people and virt Contributors J r mie Barthas Thomas Berns Alessandro Campi J Patrick Coby Marie Gaille Marco Geuna Mark Jurdjevic Cary J Nederman Gabriele Pedull Diogo Pires Aur lio Fabio Raimondi Andre Santos Campos Miguel Vatter and Camila Vergara Oeuvres completes de Voltaire edition dediee aux amateurs de l'art typographique Voltaire, 1833 Oeuvres completes de Voltaire edition dediee aux amateurs de l'art typographique.
