Machines Of The Dead A Zombie Apocalypse Volume 1:

The Machine Society Mike Brooks, 2016-10-28 Mike Brooks debut novel is an adventure story set in a dystopian future in which our taste for branding consumerism and artificial reality is boundless In *The Machine Society* he weaves together psychological insight philosophical reflection and spiritual inquiry to give us a novel that is both a deep satire on modern life and a rich metaphor for our longing to find inner peace Dean Rogers lives in the Perimeter of New London holding down a soul destroying job surrounded by people who have lost the will to communicate He is afraid his debts will spiral out of control resulting in him being cast out of the city outside of the Security Wall Meanwhile in the Better Life Complex New London's rich elite live in plastic luxury unaware of the sinister secrets that underpin their world *The Machine Society* is an original and intelligent sci fi thriller and a heartfelt rally cry for the soul's liberation

Dawn of the Construct Eric N. Lard, 2022-09-30 Earth is a prison and you're living in it It's called The Construct and its keepers carefully manage the rise and fall of humanity in order to extract soul energy to fuel the galactic expansion of an alien race but we'll get to that When an enigmatic magic known as the Astrig Ka a turns Davry's life upside down he finds himself in a struggle to save humanity not only in his own time and place but throughout Earth's untold histories as well histories replete with mechanized armor steampunk airships wolf borne goblins and creatures crafted from the very void between worlds Now Davry's dreams have become a playground for this world bending chaos When he saves the girl of his dreams in one of his dreams he inadvertently brings her back and must figure out what the Astrig Ka a is trying to tell him and why the keepers of the Construct want so badly to kill a crippled girl from the future The answer to these questions may be the only hope that humanity has not just to escape its prison but to survive as a species

Books of the Dead Tim Lanzendörfer, 2018-08-08 The zombie has cropped up in many forms in film in television and as a cultural phenomenon in zombie walks and zombie awareness months but few books have looked at what the zombie means in fiction Tim Lanzendörfer fills this gap by looking at a number of zombie novels short stories and comics and probing what the zombie represents in contemporary literature Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks's *World War Z* Colson Whitehead's *Zone One* Junot Díaz's short story *Monstro* Robert Kirkman's comic series *The Walking Dead* and Seth Grahame-Smith's *Pride and Prejudice and Zombies* Within the context of broader literary culture Lanzendörfer makes the case for reading these texts with care and openness in their own right Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around Indeed they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form
