Solutions After the Arab Spring Ali Kadri,2016-01-26 Since the events of 2011 most Arab countries have slipped into a state of war and living conditions for the majority of the working population have not changed for the better This edited collection examines the socioeconomic conditions and contests the received policy framework to demonstrate that workable alternatives do exist

The Incomplete Currency Marcello Minenna,Giovanna Maria Boi,Paolo Verzella,2016-06-27 A fact based treatise on the Eurozone crisis with analysis of possible solutions The Incomplete Currency is the only technical yet accessible analysis of the current Eurozone crisis from a global perspective The discussion begins by explaining how the Euro s architecture the relationship between finance and the real economy and the functioning of the Eurosystem in general are all at the root of the current crisis and then explores possible solutions rooted in fact not theory All topics are analysed and illustrated making extensive use of examples tables and graphics and the ideas presented are supported by data sets and their statistical elaborations throughout the book An extensive digital component includes numerical simulations of public debt dynamics for different Eurozone countries evaluations of the sustainability of programmes like the Fiscal Compact and stress tests on the ability of institutions like the ESM to cope with major liquidity crises and the spreadsheets used to calculate data in the book is provided for readers to access for themselves The survival of the European monetary union has been questioned due to the accumulation of structural imbalances and the negative effects of the global financial crisis This book lays out the full extent of the problem explains what caused it and provides possible solutions backed by extensive data Dig down to the root of the Eurozone crisis Learn why austerity doesn t fix anything Understand how the Euro has changed economies Consider possible strategies for recovery In a macroeconomic context where the monetary policy is the prerogative of the European Central Bank and fiscal policy hopeless austerity works against the economic recovery of the Eurozone countries A positive attitude is difficult but necessary The Incomplete Currency is an insightful important resource that guides readers toward real solutions

Housing Market Challenges in Europe and the United States P. Arestis,P. Mooslechner,Karin Wagner,2009-11-18 Housing finance structures and Institutional and regulatory fiscal aspects in housing have changed significantly in recent years This book examines the development in housing markets in Europe and the US and looks at ways to make housing more affordable and housing market developments more stable

The European Union and the Eurozone under Stress John Theodore,Jonathan Theodore,Dimitrios Syrrakos,2017-06-20 This book explores the political and economic issues currently challenging EU member states affecting both the core Eurozone and non core states It analyses and explains how its own economic and political relationships have been critically influenced by fierce competition from its rivals in other major global economies as well as by the systemic weaknesses in the economic and financial model it created The book provides insight into both the underlying and more immediate economic and social challenges created by its post 2007 enlargement to 28 countries excluding the Balkan remnants of former Yugoslavia the nature of the regulatory regime centralized in Brussels and the host of issues and critiques this fosters its open borders

policy and precious guiding principle crystallized in the Schengen agreement security weaknesses exacerbated by increasing volumes of migration and the ongoing debt crises as the greatest existential challenge to the EU project Featuring interviews with high profile key players from inside and outside Europe the book will examine new and underlying stresses political and economic to guide a greater understanding of the EU plan *The Euro Crisis* P. Arestis, M. Sawyer, 2012-04-05 A detailed and informed analysis of the current crisis facing the eurozone examining the root causes and exploring the possible outcomes and uncertain future of the European Union and its currency Chapters include case studies of Portugal Ireland Spain and Greece as well as broader comparative perspectives *Macroeconomics* Michael Burda, Michael C. Burda, Charles Wyplosz, 2022 Responding to the most recent global challenges by analysing data from new events and developing new policy examples the eighth edition of *Macroeconomics A European Text* continues to provide a comprehensive and modern analysis of macroeconomic theories While retaining their focus on those features that characterise the European economy the authors explore matters surrounding the global financial crisis the European debt crisis and the most recent effects of the Covid 19 pandemic on both labour supply and consumption Students are supported throughout with real life case studies which provide rich and qualitative examples helping them both to connect with the concepts and policies presented and to appreciate how economics works in practice The authors encourage students to stretch their understanding further by presenting them with a set of essay questions at the end of each chapter motivating them to think more critically The eighth edition is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with self assessment activities hyperlinked further reading functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks Online student resources supporting the book include Video walkthroughs on trickier concepts for chapters 3 4 6 8 11 12 13 16 and 18 Sample exam questions Multiple choice questions Review questions Web appendices Web links Online lecturer resources supporting the book include Power Point slides Excel based exercises for macroeconomic modelling Lecture plans Solutions to end of chapter exercises Test bank **Macroeconomics** Robert J. Gordon, 1993 **Progressive Post-Keynesian Economics** Jesper Jespersen, Finn Olesen, 2019 This book is devoted to the progression of Post Keynesian economics taking stock of the previous 10 years of persistent imbalances in many dimensions of macroeconomic reality This has given inspiration to Post Keynesian scholars to make innovative contributions in areas like methodology macroeconomic modelling and teaching One challenge discussed in several chapters is how to model a complex macro system where microeconomic uncertainty is increasing This aspect is elaborated in a number of contributions which focus on the role of the financial sector and financialization for macroeconomic disruptions Additional chapters deal with teaching and the use of case studies for a better understanding of the real world economy **Combating Inequality** Alexander Gallas, Hansjörg Herr, Frank Hoffer, Christoph Scherrer, 2015-12-22 Economic inequality has recently gained considerable academic attention However

two important aspects of inequality have not been discussed systematically its multidimensional nature and the question of what can be done to reverse it This book offers insights from scholars representing the Global Labour University which operates in Brazil Germany India South Africa and the US They analyse the various drivers of inequality assess policy responses and discuss counterstrategies The main findings of this book are that rising levels of inequality cannot be addressed only with the standard policies responses namely education redistribution and green growth In addition the way markets currently function needs to be corrected The chapters in this volume focus on specific fields of contemporary capitalism where important drivers of inequality are located for example the labour market the financial system the tax system multi national corporations and gender relations Other chapters discuss in detail where political opportunities for change lie They critically assess existing countermeasures the idea of a green economy and its implications for inequality and existing campaigns by trade unions and new social movements against inequality In line with the global nature of the problem this book contains case studies on countries both from the north and south with considerable economic and political weight This book provides academics political practitioners and civil society activists with a range of ideas on how to drive back inequality It will be of interest to those who study political economy development economy and labour economics
