Mad Money Journey:

Mad Money Journey Mehrab Irani, 2014-08-26 Mehrab's latest book is a sweeping tale of mystery and adventure with deep revelations on the nature of man and money. Tired of his energy and money draining middle class life, Dr John Pinto decides to end it all by walking into oncoming traffic. But Life has other plans for him. Through a quirky twist of fate, John finds himself saved and launched into a financial pilgrimage across the world. Through a whirligig of exotic, shocking and sometimes dangerous encounters, he learns what it means to be financially independent. The school of Life introduces him to people who have learned the 10 commandments of financial freedom the hard way. From Afghani terrorists to Kenyan marathon runners, from Bangkok prostitutes to Chinese mystics and many more, each soul on this incredible journey holds a key insight into the relationship between man and money. To achieve true freedom, John will have to face it all: a turbulent odyssey of hair-raising adventure, unexpected teachers, monetary rewards and an overarching mission. A dazzling novel written with wit, compassion, intelligence and deep humanity. Travel with John Pinto to unearth the secrets of a rich life.

MEHRAB IRANI is General Manager Investments at Tata Investment Corporation, Mumbai. He has diverse experience in both equity and fixed income markets, including research, dealing and portfolio management. Mehrab is fired by an almost missionary zeal for spreading financial knowledge among investors. His ability to connect abstract concepts to real life situations using his powerful imagination and plethora of skills reverberates through all his work. He is a prolific writer for newspapers, websites and his blog www.intelligentmoney.blogspot.com. He also appears regularly on CNBC ET Now, NDTV Profit, Bloomberg and radio.

Money Method and Mindset Bharat Jhunjhunwala, 2024-05-27 My journey into the world of stock markets, particularly technical analysis, was a whirlwind of information. I devoured over 500 books by various authors and attended countless seminars and webinars. Yet a nagging frustration persisted: a lack of simplicity. My early forays were plagued by jargon, an overwhelming array of tools and complex methodologies. Half the battle was deciphering the language itself. As I delved deeper, a revelation struck me: the market is ultimately driven by human psychology. It's about understanding the movements fueled by emotions. This led me to focus on price and trend analysis, free from jargon. Instead of naming the phenomenon, I prioritized comprehending what the price itself was telling me. Similarly, risk management often felt like deciphering arcane math problems. Many resources convoluted the concepts, making them unnecessarily complex. Here, I've strived for clarity and practicality. Finally, there's the often-touted mindset training. In my experience, it's sometimes a buzzword more than a necessity. However, there are a few key principles that shape a trader's mindset, and I've included those essential pointers without requiring a course in brain anatomy. This book is a culmination of my ongoing learning journey in the markets. It's a testament to the power of understanding over theoretical definitions. My aim is to provide a jargon-free, math-light experience with a dose of mindfulness that doesn't require a deep dive into brain function. Welcome aboard! I hope this book earns a cherished spot in your trading library.
