## Madame Edwarda:

**Eroticism in Georges Bataille and Henry Miller** Gilles Mayné, 1993      My Mother, Madame Edwarda, The Dead Man Georges Bataille, 2015-05-07 In these three works of erotic prose Georges Bataille fuses sex and spirituality in a highly personal and philosophical vision of the self My Mother is a frank and intense depiction of a young man's sexual initiation and corruption by his mother where the profane becomes sacred and intense experience is shown as the only way to transcend the boundaries of society and morality Madame Edwarda is the story of a prostitute who calls herself God and The Dead Man published in 1964 after Bataille's death is a startling short tale of cruelty and desire This volume also contains Bataille's own introductions to his texts as well as essays by Yukio Mishima and Ken Hollings      *The Queer God* Marcella Althaus-Reid, 2004-06-01 There are those who go to gay bars and salsa clubs with rosaries in their pockets and who make camp chapels of their living rooms Others enter churches with love letters hidden in their bags because their need for God and their need for love refuse to fit into different compartments But what goodness and righteousness can prevail if you are in love with someone whom you are ecclesiastically not supposed to love Where is God in a salsa bar The Queer God introduces a new theology from the margins of sexual deviance and economic exclusion Its chapters on Bisexual Theology Sadean holiness gay worship in Brazil and Queer sainthood mark the search for a different face of God the Queer God who challenges the oppressive powers of heterosexual orthodoxy whiteness and global capitalism Inspired by the transgressive spaces of Latin American spirituality where the experiences of slum children merge with Queer interpretations of grace and holiness The Queer God seeks to liberate God from the closet of traditional Christian thought and to embrace God's part in the lives of gays lesbians and the poor Only a theology that dares to be radical can show us the presence of God in our times The Queer God creates a concept of holiness that overcomes sexual and colonial prejudices and shows how Queer Theology is ultimately the search for God's own deliverance Using Liberation Theology and Queer Theory it exposes the sexual roots that underlie all theology and takes the search for God to new depths of social and sexual exclusion      **Salome's Modernity** Petra Dierkes-Thrun, 2014-07-28 Oscar Wilde's 1891 symbolist tragedy Salome has had a rich afterlife in literature opera dance film and popular culture Salome's Modernity Oscar Wilde and the Aesthetics of Transgression is the first comprehensive scholarly exploration of that extraordinary resonance that persists to the present Petra Dierkes-Thrun positions Wilde as a founding figure of modernism and Salome as a key text in modern culture's preoccupation with erotic and aesthetic transgression arguing that Wilde's Salome marks a major turning point from a dominant traditional cultural moral and religious outlook to a utopian aesthetic of erotic and artistic transgression Wilde and Salome are seen to represent a bridge linking the philosophical and artistic projects of writers such as Mallarmé Pater and Nietzsche to modernist and postmodernist literature and philosophy and our contemporary culture Dierkes-Thrun addresses subsequent representations of Salome in a wide range of artistic productions of both high and popular culture through the works of Richard Strauss

Maud Allan Alla Nazimova Ken Russell Suri Krishnamma Robert Altman Tom Robbins and Nick Cave among others Ecce Homo Kent L. Brintnall, 2024-05-31 Images of suffering male bodies permeate Western culture from Francis Bacon's paintings and Robert Mapplethorpe's photographs to the battered heroes of action movies Drawing on perspectives from a range of disciplines including religious studies gender and queer studies psychoanalysis art history and film theory Ecce Homo explores the complex ambiguous meanings of the enduring figure of the male body in pain Acknowledging that representations of men confronting violence and pain can reinforce ideas of manly tenacity Kent L Brintnall also argues that they reveal the vulnerability of men's bodies and open them up to eroticization Locating the roots of our cultural fascination with male pain in the crucifixion he analyzes the way narratives of Christ's death and resurrection both support and subvert cultural fantasies of masculine power and privilege Through stimulating readings of works by Georges Bataille Kaja Silverman and more Brintnall delineates the redemptive power of representations of male suffering and violence

Unnatural Theology Charlie Gere, 2019-02-21 The failure of secular modernity to deliver on its promise of progress and enlightenment leaves a void that religion is rushing to fill Yet what kind of religious thinking and doing can be adequate to our posthuman condition And how can we avoid either embracing religious fundamentalism and fantasy or remaining mired in hopeless atheistic nihilism In Unnatural Theology Charlie Gere provides ways of thinking about the possibilities of religion and theology in the context of our highly technologized postmodernity Taking its cue from a wide range of thinkers from John Ruskin and Alfred North Whitehead to Jacques Derrida Judith Butler Giorgio Agamben Simon Critchley Catherine Keller Bruno Latour and Timothy Morton and artists such as Marcel Duchamp and Richard Hamilton and films including *The Incredible Shrinking Man* the book seeks the remnants of theology and religion in the realms of technology and media and also art as the basis of potential new religious thinking Through an interdisciplinary engagement with these thinkers and artists it develops the notion of an unnatural theology as the basis of a new kind of religious thought that does not insult our intelligence *After Bataille* Patrick Ffrench, 2017-07-05 Author of the obscene narrative *Story of the Eye* and of works of heretical philosophy such as *Inner Experience* Georges Bataille 1897-1962 is one of the most powerful and secretly influential French thinkers of the last century His work is driven by a compulsion to communicate an experience which exceeds the limits of communicative exchange and also constitutes a sustained focus on the nature of this compulsion *After Bataille* takes this sense of compulsion as its motive and traces it across different figures in Bataille's thought from an obsession with the thematics and the event of sacrifice through the exposure of being and of the subject to the necessary relation to others in friendship and in community In each of these instances *After Bataille* is distinctive in staging a series of encounters between Bataille his contemporaries and critics and theorists who extend or engage with his legacy It thus offers a vital account of the place of Bataille in contemporary thought Georges Bataille William Pawlett, 2015-07-24 In this comprehensive and engaging study Georges Bataille's central ideas the sacred community and eroticism are explored in detail Bataille's project

to understand social bonds and energies at their most fundamental level and to re energise society by challenging individualism is argued to be of continuing relevance to sociological thought Bataille s infamous Coll ge de Sociologie is placed in the intellectual context of Durkheimian and Maussian sociology Social effervescence gift exchange and the dual ambivalent and volatile nature of the sacred emerge as the central threads of Bataille s thought ideas which challenge both capitalist hegemony and the reductive notion of society as exclusively normative and repressive The study concludes by applying Bataille s ideas to contemporary issues including de secularisation and the rise of religious fundamentalism the vicarious experience of transgressive violence and finally to consumerism and the violence of globalisation The study seeks to reposition Bataille as a key figure in sociological theory

**The Beast at Heaven's Gate** ,2006-01-01 The essays in this collection were originally given at the international colloquium Cent Ans de Bataille La Bataille de Cent Ans held at the Fondaci T pies in Barcelona in September 1998 They are written from a variety of perspectives but are drawn together by the singular aim of addressing and interrogating Georges Bataille as our contemporary whose fascination with the rupture between mythical and experimental forms of discourse defines our own age as much as it did in Bataille s own time More precisely the essays in this collection range over Bataille s status as a novelist a poet an art critic a philosopher and a prophet of post modernity with this aim in mind They not only seek to advance and clarify debate about Bataille s present status in the post modern canon but also shed new light on the complex relation between Bataille and the present generation of readers who have come to him through the prism of post modernist thought It is of significance for each writer in this collection most crucially that the premonition of catastrophe which defined Bataille s fluid political positions is also located between tragedy and irony

**Bataille** Carolyn Bailey Gill,2005-08-04 Gill examines the continuing power and influence of Bataille s work By bringing together international specialists on Bataille from philosophy to art history this collection is able to explore the many facets of his writing

**Love, Desire and Transcendence in French Literature** Paul Gifford,2005 Paul Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing He retraces the matrix of French tradition by engaging with five classic sources Plato s Symposium the

**Georges Bataille** Mark Hewson,Marcus Coelen,2015-12-14 Georges Bataille 1897 1962 was a philosopher writer and literary critic whose work has had a significant impact across disciplines as diverse as philosophy sociology economics art history and literary criticism as well as influencing key figures in post modernist and post structuralist philosophy such as Jacques Derrida and Michel Foucault In recent years the number of works published on Georges Bataille as well as the variety of contexts in which his work is invoked has markedly increased In Georges Bataille Key Concepts an international team of contributors provide an accessible introduction to and survey of Bataille s thought The editors introduction provides an overview of Bataille s work while the chapters in the first section cover the social political artistic and philosophical contexts that shaped his thought In the second part each chapter engages with a key theme in Bataille s philosophy including

art eroticism evil inner experience heterology religion sacrifice and sovereignty The final chapter addresses Bataille's literary writings

**Georges Bataille Key Concepts** is an invaluable guide for students from across the Humanities and Social Sciences coming to Bataille's work for the first time Contributors Giulia Agostini Elisabeth Arnould Bloomfield Tiina Arppe Marcus Coelen Simonetta Falasca Zamponi Patrick French Marina Galletti Nadine Hartmann Mark Hewson Andrew Hussey Stuart Kendall Claire Nioche Gerhard Poppenberg and Michelle Richman Modernist Eroticism A. This volume explores the impact of sexological and early psychoanalytic conceptions of sexual perversion on the representation of the erotic in the work of a range of major European modernists including Joyce Kafka Lawrence Mann Proust and Rilke as well as in that of some less well known figures of the period such as Dujardin and Jahn **Georges Bataille** Michel Surya, 2020-05-05

Georges Bataille was a philosopher writer librarian pornographer and a founder of the influential journals *Critique* and *Acphale* He has had an enormous impact on contemporary thought influencing such writers as Barthes Baudrillard Derrida Foucault and Sontag Many of his books including the notorious *Story of the Eye* and the fascinating *The Accursed Share* are modern classics In this acclaimed intellectual biography Michel Surya gives a detailed and insightful account of Bataille's work against the backdrop of his life his troubled childhood his difficult relationship with Andr  Breton and the surrealists and his curious position as a thinker of excess potlatch sexual extremes and religious sacrifice one who nonetheless remains at the heart of twentieth century French thought all of it drawn here in rich and allusive prose While exploring the source of the violent eroticism that laces Bataille's novels the book is also an acute guide to the development of Bataille's philosophical thought Enriched by testimonies from Bataille's closest acquaintances and revealing the context in which he worked Surya sheds light on a figure Foucault described as one of the most important writers of the century Nancy, Blanchot Leslie Hill, 2018-09-30

The concept of community is one of the most frequently used and abused of recent philosophical or socio political concepts In the 1980s faced with the imminent collapse of communism and the unchecked supremacy of free market capitalism the philosopher Jean Luc Nancy in *The Inoperative Community* and the writer Maurice Blanchot in *The Unavowable Community* both thought it essential to rethink the fundamental basis of community as such More recently Nancy has renewed the debate by unexpectedly attacking Blanchot's account of community claiming that it embodies a dangerously nostalgic desire for mythic and religious communion This book examines the history and implications of this controversy It analyses in forensic detail Nancy's and Blanchot's contrasting interpretations of German Romanticism and the work of Heidegger Bataille and Marguerite Duras and examines closely their divergent approaches to the contradictory legacy of Christianity At a time when politics are increasingly inseparable from a deep seated sense of crisis it provides an incisive account of what in the concept of community is thought yet crucially still remains unthought **Maternal Fictions** Maryline Lukacher, 1994

Stendhal George Sand Rachilde Georges Bataille Forgoing the patronym with its weight of meaning these modern French writers renamed themselves in

their work Their use of pseudonyms as Maryline Lukacher demonstrates in this provocative study is part of a process to subvert the name of the father and explore the suppressed relation to the figure of the mother Combining psychoanalytic criticism feminist theory and literary analysis *Maternal Fictions* offers a complex psychological portrait of these writers who managed at once to challenge patriarchal authority and at the same time attempt to return to the maternal Through readings of *Armance* *Le Rouge et le noir* *La Vie de Henry Brulard* and *Les Cenci* Lukacher exposes Stendhal's preoccupation with his dead mother who is obsessively retrieved throughout his work George Sand's identity is in effect divided between two mothers her biological mother and her grandmother and in *Histoire de ma vie* Indiana and Mauprat we see the writer's efforts to break the impasse created by this divided identity In the extraordinary but too little known work of Rachilde Marguerite Eymery Lukacher finds the maternal figure identified as the secret inner force of patriarchal oppression This resistance to feminism continues in the pseudonymous work of Georges Bataille In *Ma m re* *Le coupable* and *L'Exp rience int rieur*e Lukacher traces Bataille's representation of the mother as a menacing ever subversive figure who threatens basic social configurations *Maternal Fictions* establishes a new pseudonymous genealogy in modern French writing that will inform and advance our understanding of the act of self creation that occurs in fiction *Exploring Sexuality and Spirituality*

,2020-10-20 The wide spectrum of links and interrelations found amongst the diversity of human sexual expressions and spiritual practices around the world constitutes one of the most fruitful grounds of scholarly research today *Exploring Sexuality and Spirituality* introduces an emerging academic field of studies focused on the multiplicity of problematizations intersecting spirituality and sexuality from eroticism and ecstasy embodiments to inner spiritual cultivation intimate relationships sex education and gender empowerment This collection of essays addresses subjects such as prehistoric art Queer Theology BDSM Tantra the Song of Songs la petite mort asceticism feminist performative protests and sexually charged landscapes among others Through varied methodologies and state of the art interdisciplinary approaches this volume becomes highly useful for readers engaged in the integration of scholarly and practical knowledge **The Late**
