Paleobiology of the Williamsburg Formation (Black Mingo Group, Paleocene) of South Carolina, U.S.A. Albert E. Sanders, 1998 This is a print on demand publication. The excavation of an immense pit near the Santee River in South Carolina has produced the first Paleocene vertebrate fauna from the South Atlantic coast of the U.S. as well as a rich flora that provides extensive knowledge of the paleoenvironmental setting in which those animals flourished nearly 60 million years ago. The excavation penetrated the Late Paleocene Williamsburg Formation. Robert Weems bony fishes, Weems Lucy Edwards dinoflagellates, Robert Melchior pollen spores, fossil wood, Robert Purdy sharks, Howard Hutchison, Robert Schoch mammals, Glenn Sawyer coprolites, Erickson Melchior trace fossils. One of the most significant contributions to our knowledge of early Tertiary times in this region.

Celibacy, Seminary Formation, and Catholic Clerical Sexual Abuse Vivencio O. Ballano, 2024-04-30 Does the current celibate semi-monastic and all-male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic Church? Applying sociological theories on socialization, total institutions, and social resistance as the primary conceptual framework and drawing on secondary literature, media reports, the author's experience, interviews, and Church documents, this book argues that the Catholic Church's institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation, such as the suspension of normal human socialization in society, psychosexual immaturity, and weak social control against clerical sexual abuse. The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes. As such, an alternative model for diocesan clerical formation is advanced. A fresh look at the aptness and effects of celibate formation for diocesan clergy, this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation, exploring the structural links between the two using sociological arguments and proposing an apprenticeship-based model of

formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation Fodor's The Complete Guide to the National Parks of the West Fodor's Travel Guides,2016-05-10 Written by locals Fodor s travel guides have been offering trusted advice for all tastes and budgets for 80 years Fodor s The Complete Guide to the National Parks of the West features comprehensive information on everything within each of the 38 national parks of the West and on the towns and attractions nearby Every recommendation has been vetted by a local Fodor s expert to ensure travelers plan the perfect trip from rafting the raging Colorado River as it pushes through the Grand Canyon to viewing wildlife in Yosemite while you hike to watching Yellowstone s Old Faithful geyser in action This guide also includes special chapters to help you choose a park and advice for planning your visit like what to pack which park passes to buy and photography tips This travel guide includes Dozens of full color maps Hundreds of hotel and restaurant recommendations Covers Arches National Park Badlands National Park Banff National Park Big Ben National Park Black Canyon of the Gunnison National Park Bryce Canyon National Park Canyonlands National Park Capitol Reef National Park Carlsbad Caverns National Park Channel Islands National Park Crater Lake National Park Death Valley National Park Glacier and Waterton Lakes National Park Grand Canyon National Park Grand Teton National Park Great Basin National Park Great Sand Dunes National Park Guadalupe Mountains National Park Jasper National Park Joshua Tree National Park Lassen Volcanic National Park Mesa Verde National Park Mount Rainier National Park North Cascades National Park Olympic National Park Petrified Forest National Park Pinnacles National Park Redwood National Park Rocky Mountain National Park Saguaro National Park Sequoia and Kings Canyon National Parks Theodore Roosevelt National Park Wind Cave National Park Yellowstone National Park Yosemite National Park and Zion National Park
