Machiavelli Selected Political Writings Hackett Classics:

Selected Political Writings Niccolò Machiavelli, David Wootton, 1994-01-01 Here are The Prince and the most important Discourses newly translated into spare vivid English by one of the most gifted historians of his generation Why a new translation Machiavelli was never the dull worthy pedantic author who appears in the pages of other translations says David Wootton in his Introduction In the pages that follow I have done my best to let him speak in his own voice And indeed Wootton s Machiavelli literally does so when the occasion demands Renderings of that most problematic of words virt are in each instance followed by the Italian Notes a map and an altogether remarkable Introduction no less authoritative for being grippingly readable help make this edition an ideal first encounter with Machiavelli for any student of history and political theory

Machiavelli: Selected Political Writings Niccolò Machiavelli, 1994-10-01 Here are The Prince and the most important of the Discourses newly translated into spare vivid English Why a new translation Machiavelli was never the dull worthy pedantic author who appears in the pages of other translations says David Wootton in his Introduction In the pages that follow I have done my best to let him speak in his own voice And indeed Wootton s Machiavelli does just that when the occasion demands renderings of that most problematic of words virtu are in each instance followed by the Italian Notes a map and an altogether remarkable Introduction no less authoritative for being grippingly readable help make this edition an ideal first encounter with Machiavelli for any student of history and political theory

Machiavelli on Liberty & Conflict David Johnston, Nadia Urbinati, Camila Vergara, 2017-03-15 More than five hundred years after Machiavelli wrote The Prince his landmark treatise on the pragmatic application of power remains a pivot point for debates on political thought While scholars continue to investigate interpretations of The Prince in different contexts throughout history from the Renaissance to the Risorgimento and Italian unification other fruitful lines of research explore how Machiavelli s ideas about power and leadership can further our understanding of contemporary political circumstances With Machiavelli on Liberty and Conflict David Johnston Nadia Urbinati and Camila Vergara have brought together the most recent research on The Prince with contributions from many of the leading scholars of Machiavelli including Quentin Skinner Harvey Mansfield Erica Benner John McCormick and Giovanni Giorgini Organized into four sections the book focuses first on Machiavelli s place in the history of political thought Is he the last of the ancients or the creator of a new distinctly modern conception of politics And what might the answer to this question reveal about the impact of these disparate traditions on the founding of modern political philosophy The second section contrasts current understandings of Machiavelli s view of virtues in The Prince The relationship between political leaders popular power and liberty is another perennial problem in studies of Machiavelli and the third section develops several claims about that relationship Finally the fourth section explores the legacy of Machiavelli within the republican tradition of political thought and his relevance to enduring political issues

Socrates Meets Machiavelli Peter Kreeft, 2011-03-24 There is no better way to understand our present world than by exploring the Great

Books written by the great minds that have made it There is no better way to study the beginning of modern political philosophy than by studying its foundations in Machiavelli's *The Prince* There is no better way to study the Great Books than with the aid of Socrates the philosopher par excellence What if we could overhear a conversation in the afterlife between Socrates and Machiavelli in which Machiavelli has to submit to an Oxford tutorial style examination of his book conducted by Socrates using his famous Socratic method of cross examination How might the conversation go This imaginative thought experiment makes for both drama and a good lesson in logic in moral and political philosophy in how to read a book and in the history of early modern thought Thus this book is for readers looking for a thought stretching good read and for use in college classes in logic philosophy ethics political science literature communication rhetoric anthropology and history

Augustine and the Cure of Souls Paul R. Kolbet, 2009-11-15 Augustine and the Cure of Souls situates Augustine within the ancient philosophical tradition of using words to order emotions Paul Kolbet uncovers a profound continuity in Augustine's thought from his earliest pre baptismal writings to his final acts as bishop revealing a man deeply indebted to the Roman past and yet distinctly Christian Rather than supplanting his classical learning Augustine's Christianity reinvigorated precisely those elements of Roman wisdom that he believed were slipping into decadence In particular Kolbet addresses the manner in which Augustine not only used classical rhetorical theory to express his theological vision but also infused it with theological content This book offers a fresh reading of Augustine's writings particularly his numerous though often neglected sermons and provides an accessible point of entry into the great North African bishop's life and thought

Research and Writing in International Relations Laura Roselle, Joel T. Shelton, Sharon Spray, 2025-01-22 Research and Writing in International Relations Fourth Edition offers the step by step guidance and the essential resources needed to compose political science papers that go beyond description and into systematic and sophisticated inquiry This book provides concise easy to use advice to help students develop more advanced papers through step by step descriptions examples and resources for every stage of the paper writing process The book focuses on areas where students often need guidance understanding how international relations theory fits into research finding a topic developing a question reviewing the literature designing research and last writing the paper Including current and detailed coverage on how to start research in the discipline's major subfields Research and Writing in International Relations gives students a classroom tested approach that leads to better research and writing in introductory and advanced classes New to the Fourth Edition Expanded guidance on formulating and refining effective research questions Recommendations for navigating the use of information sources popular with students such as social networks podcasts and other digital media Additional focus on areas of particular challenge for students such as avoiding plagiarism Advice on how to responsibly use AI to assist in the research and writing process Revised topic chapters that include updates to the scholarly literature and data sources New resources on research topics of special interest to students including global climate change international pandemic response and democratic backsliding

Selected Political Writings Montesquieu, Melvin Richter, 1990-01-01 Rev ed of The political theory of Montesquieu 1977

The Politics of Sincerity Elizabeth Markovits, 2010-11 A growing frustration with spin doctors doublespeak and outright lying by public officials has resulted in a deep public cynicism regarding politics today It has also led many voters to seek out politicians who engage in straight talk out of a hope that sincerity signifies a dedication to the truth While this is an understandable reaction to the degradation of public discourse inflicted by political hype Elizabeth Markovits argues that the search for sincerity in the public arena actually constitutes a dangerous distraction from more important concerns including factual truth and the ethical import of political statements Her argument takes her back to an examination of the Greek notion of parrhesia frank speech and she draws from her study of the Platonic dialogues a nuanced understanding of this ancient analogue of straight talk She shows Plato to have an appreciation for rhetoric rather than a desire to purge it from public life providing insights into the ways it can contribute to a fruitful form of deliberative democracy today

The Broadview Anthology of Social and Political Thought - Volume 1: From Plato to Nietzsche Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2008-03-06 This comprehensive volume contains much of the important work in political and social philosophy from ancient times until the end of the nineteenth century The anthology offers both depth and breadth in its selection of material by central figures while also representing other currents of political thought Thucydides Seneca and Cicero are included along with Plato and Aristotle Al Farabi Marsilius of Padua and de Pizan take their place alongside Augustine and Aquinas Astell and Constant are presented in the company of Locke Rousseau and Wollstonecraft The editors have made every effort to include translations that are both readable and reliable Every selection has been painstakingly annotated and each figure is given a substantial introduction highlighting his or her major contribution within the tradition In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the anthology's development a number of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits and one that truly breaks new ground

Roberto Esposito Inna Viriasova, Antonio Calcagno, 2018-06-25 Analyzes key concepts and arguments in the work of one of Europe's leading philosophers One of Europe's leading philosophers Roberto Esposito has produced a considerable body of work that continues to have a significant impact on political science sociology literature and philosophy This volume offers both a comprehensive introduction to and critical explanation of Esposito's political thought and key concepts from his oeuvre The contributors address aspects of his growing corpus such as the impolitical community immunity the impersonal affirmative biopolitics justice life the third person and the body In addition they highlight Esposito's reading and interpretation of classical political thinkers including Hobbes Machiavelli Vico Arendt and Kant The book explores applications of Esposito's philosophy to issues in international relations post colonialism literature science technology and philosophical and artistic practice bringing Esposito into dialogue with important social political concerns To

my knowledge there are no other books in Italian or English that attempt to provide a critical introduction to Esposito's works and an engagement with his works in fields outside of political science and philosophy. This volume is an important first. Rhiannon Noel Welch, author of *Vital Subjects: Race and Biopolitics in Italy*. **Ideals and Ideologies** Terence Ball, Richard Dagger, Daniel I. O'Neill, Jennet Kirkpatrick, 2024-10-29. *Ideals and Ideologies: A Reader* is a comprehensive compilation of classic and contemporary readings representing all major isms. It offers students a generous sampling of key thinkers in different ideological traditions and places them in their historical and political contexts. Used on its own or with *Political Ideologies and the Democratic Ideal*, the anthology accounts for the different ways people use ideology and conveys the continuing importance of ideas to politics. New to this edition: The twelfth edition includes the following additions: Steven Levitsky and Daniel Ziblatt, *How Democracies Die*, two distinguished political scientists delineate the sources of democratic demise; Ayn Rand, *Collectivized Ethics*, a well-known libertarian thinker argues that it is illegitimate for governments to legally mandate behavior that benefits other people; Patrick Deneen, *Aristopopulism*, an influential conservative professor makes the case for a new kind of governing alliance between masses and elites; Herbert Marcuse, *One Dimensional Man*, a renowned twentieth-century Marxist argues that capitalism creates a set of false needs and beliefs that prevent workers from resisting it; Patriot Front Manifesto, an Alt Right white nationalist group attempts to link their ideology to American history and values; Ta Nehisi Coates, *The Case for Reparations*, a prominent author argues that Americans should seriously consider what it would take to make amends to Black people for the ongoing effects of slavery, Jim Crow, and other forms of discrimination; Kate Manne, *Ameliorating Misogyny*, a contemporary feminist philosopher redefines misogyny as the central mechanism for governing women's behavior and upholding patriarchy; Lorna Bracewell, *A Story of Queer Survival*, a lesbian feminist scholar links her personal coming-of-age experiences to the central beliefs of the gay liberation movement; Karla Cornejo Villavicencio, *Waking up from the American Dream*, a Harvard graduate and author who came to the United States as an undocumented immigrant describes the challenges faced by people who do not have the rights and privileges of full citizenship; Pope Francis, *Laudate Deum*, the leader of 1.3 billion Catholics worldwide describes how he believes they and other people of goodwill should respond to the increasingly urgent climate crisis; Dave Foreman, *In Defense of Monkeywrenching*, a leading radical environmentalist defends non-violent ecological sabotage as morally and politically legitimate; Sayyid Abu l Ala Mawdudi, *The Islamic Law*, a highly influential South Asian Islamist thinker defines and defends the necessity of sharia for Muslim societies; Hamas, *Charter of the Islamic Resistance Movement of Palestine*, a leading radical Islamist group spells out its core tenets and basic aims at its founding. *Fortune is a River* Roger D. Masters, 1999. Masters provides a concise and insightful description of the partnership of two of history's greatest geniuses, Leonardo da Vinci and Niccolò Machiavelli, and their scheme to make Florence a seaport. photo insert. **Machiavelli's Legacy** Timothy Fuller, 2016. *Machiavelli's Legacy* situates Machiavelli in general and *The Prince* in particular at the birth of modernity.

Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches

Another Philosophy of History and Selected Political Writings Johann Gottfried Herder, 2004-03-15 Historians of ideas and students of nationalism in particular have traced the origins of much of our current vocabulary and ways of thinking about the nation back to Johann Gottfried Herder This volume provides a clear readable and reliable translation of *Auch eine Philosophie der Geschichte zur Bildung der Menschheit* supplemented by some of Herder's other important writings on politics and history The editors insightful Introduction traces the role of Herder's thought in the evolution of nationalism and highlights its influence on fields such as history anthropology and politics The volume is designed to give English speaking readers more ready access to the thinker whom Isaiah Berlin called the father of the related notions of nationalism historicism and *Volksgeist*

Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's *Twentieth Century Italian Literature in English Translation* this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature

War and State Formation in Ancient China and Early Modern Europe Victoria Tin-bor Hui, 2005-07-04 The Eurocentric conventional wisdom holds that the West is unique in having a multi state system in international relations and liberal democracy in state society relations At the same time the Sinocentric perspective believes that China is destined to have authoritarian rule under a unified empire In fact China in the Spring and Autumn and Warring States periods 656-221 BC was once a system of sovereign territorial states similar to Europe in the early modern period Both cases witnessed the prevalence of war formation of alliances development of the centralized bureaucracy emergence of citizenship rights and expansion of international trade This book first published in 2005 examines why China and Europe shared similar processes but experienced opposite outcomes This historical comparison of China and Europe challenges the presumption that Europe was destined to enjoy checks and balances while China was preordained to suffer under a coercive universal status

The Age of Analogy Devin Griffiths, 2016-10-28 How did literature shape nineteenth century science Erasmus Darwin and his grandson Charles were the two most important evolutionary theorists of eighteenth and nineteenth century Britain Although their ideas and methods differed both Darwins were prolific and inventive writers Erasmus

composed several epic poems and scientific treatises while Charles is renowned both for his collected journals now titled *The Voyage of the Beagle* and for his masterpiece *The Origin of Species*. In *The Age of Analogy* Devin Griffiths argues that the Darwins writing style was profoundly influenced by the poets novelists and historians of their era. The Darwins like other scientists of the time labored to refashion contemporary literary models into a new mode of narrative analysis that could address the contingent world disclosed by contemporary natural science. By employing vivid language and experimenting with a variety of different genres these writers gave rise to a new relational study of antiquity or comparative historicism that emerged outside of traditional histories. It flourished instead in literary forms like the realist novel and the elegy as well as in natural histories that explored the continuity between past and present forms of life. Nurtured by imaginative cross disciplinary descriptions of the past from the historical fiction of Sir Walter Scott and George Eliot to the poetry of Alfred Tennyson this novel understanding of history fashioned new theories of natural transformation encouraged a fresh investment in social history and explained our intuition that environment shapes daily life. Drawing on a wide range of archival evidence and contemporary models of scientific and literary networks *The Age of Analogy* explores the critical role analogies play within historical and scientific thinking. Griffiths also presents readers with a new theory of analogy that emphasizes language s power to foster insight into nature and human society. The first comparative treatment of the Darwins theories of history and their profound contribution to the study of both natural and human systems this book will fascinate students and scholars of nineteenth century British literature and the history of science. **Andrew Marvell** A. D.

Cousins, 2016-03-02 This monograph studies how across the Folio of 1681 Marvell s poems engage not merely with different kinds of loss and aspiration but with experiences of both that were in mid seventeenth century England disturbingly new and unfamiliar. It particularly examines Marvell s preoccupation with the search for home and with redefining the homeland in times of civil upheaval. In doing so it traces his progression from being a poet who plays sophisticatedly with received myth to being one who is a national mythmaker in rivalry with his poetic contemporaries such as Waller and Davenant. Although focusing primarily on poems in the Folio of 1681 this book considers those poems in relation to others from the Marvell canon including the Latin poems and the satires from the reign of Charles II. It closely considers them as well in relation to verse by poets from the classical past and the European especially English present. *Locke: Political Writings* John

Locke, David Wootton, 2003-01-01 John Locke s *Second Treatise of Government* c1681 is perhaps the key founding liberal text. *A Letter Concerning Toleration* written in 1685 a year when a Catholic monarch came to the throne of England and Louis XVI unleashed a reign of terror against Protestants in France is a classic defence of religious freedom. Yet many of Locke s other writings not least the *Constitutions of Carolina* which he helped draft are almost defiantly anti liberal in outlook. This comprehensive collection brings together the main published works excluding polemical attacks on other people s views with the most important surviving evidence from among Locke s papers relating to his political philosophy. David Wootton s wide

ranging and scholarly Introduction sets the writings in the context of their time examines Locke s developing ideas and unorthodox Christianity and analyses his main arguments The result is the first fully rounded picture of Locke s political thought in his own words **Classics of Moral and Political Theory** Michael L. Morgan, 2011-09-15 The fifth edition of Michael L Morgan s Classics of Moral and Political Theory broadens the scope and increases the versatility of this landmark anthology by offering new selections from Aristotle s Politics Aquinas Disputed Questions on Virtue and Treatise on Law as well as the entirety of Locke s Letter Concerning Toleration Kant s To Perpetual Peace and Nietzsche s On the Advantage and Disadvantage of History for Life

Whispering the Strategies of Language: An Emotional Journey through **Machiavelli Selected Political Writings Hackett Classics**

In a digitally-driven world wherever displays reign supreme and quick communication drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within phrases frequently get unheard.
