Macular Degeneration... ..Macular Regeneration (Natural Vision & Eye Care Book 3) Kindle Edition

Description :

When asked, the one thing most people would least want to lose is their vision. Macular Degeneration is particularly frustrating, because it affects the central vision, so that whatever you look at is distorted or even disappears in a black hole... While recent announcements in the news have brought hope to millions that stem cell injections deep into the eye have now been observed to stimulate regeneration of the macula, potentially restoring functional vision to those blinded by this common condition, the methods outlined in detail in this book have stimulated this kind of healing as well, without any invasive procedures. Such results have been observed independently by two different Harvard trained retinal specialists following Dr. Swartwout's patients after they

Paul, 2002 Macular degeneraion is the leading cause of blindness for those over the age of 65 and affects as many as 15 million North Americans That number is projected to grow to an epidemic 30 million by 2010 Getting old and going blind is not your only option What most eye doctors are telling their patients is that there is no treatment for this disease and

that simply isn't true. These controversial words come from one of the nation's leading authorities on eye disease, Dr. Edward L. Paul, Jr. This ground-breaking book discloses the latest breakthroughs and treatments for macular degeneration. Debunking the myths that surround this blinding disease, Dr. Paul discusses new research evolving in the field of nutrition as well as cutting-edge therapies in electro-medicine such as MCS Therapy. MCS is a new, safe, nonsurgical, inexpensive, and painless treatment that is helping over 75% of the patients treated, says Dr. Paul. In this book, you'll learn how to dramatically improve your vision in 4 days. Why your eye doctor doesn't know about these new therapies. How inexpensive nutritional supplements may save your eyesight. How taking one simple action will improve your chances of recovery by 350%. Conquering macular degeneration is finally achievable, and there is now hope where previously there was none. Dr. Paul's book uncovers secrets that will truly become the medicine of the millennium.
