Valley of Stars Niels Andersen, 2017-11-27 America s influence wanes around the world as political turmoil in the U S fuels the growth of the brutal Islamic Caliphate Over extended intelligence assets tracking the global Islamist movement struggle to piece together random bits of information about a mysterious place in the Afghan mountains called the Valley of

Stars The Valley is a treasure trove of precious metals and gem stones that could fund global Islamic extremism for generations and ignites a race to secure it The crisis forces Secretary of Defense Madeline Coltrain to fight a political war with her nemesis at State and a shooting war with a drastically eroded military capability Coltrain must walk a fine line between what s needed to meet the threat and what s constitutional as she stretches the boundaries of the President s directives The race to the Valley of Stars violently erupts when Pakistani forces led by a rogue General aligned with the Caliphate collide with the severely outnumbered allied forces in the rugged Afghan mountains As the battle for the Valley rages a new set of leaders emerges from unlikely places The allies led by Lieutenant Colonel Abdul Qadir a Shia unique among Afghan officers who commands unwavering loyalty from his mostly Sunni troops Lieutenant Colonel DB Watkins a highly decorated American commander with a reputation of building relations with local leaders And Staff Sergeant Shirin Kirkorian nicknamed The Lioness an intelligence asset and first female to complete Ranger training who balances deference to Islamic customs and culture with deadly efficient combat skills They form a lethal triad to counter the savagery of the Islamist forces aligned against them
