## THE COLD WAR

The Cold War is the name given to the relationship developed primarily between the United States and the USSR of the world war II. The focus of the center of the Cold War was who would dominate international affairs. This led to decades of major crises including the Cuban Missile Crisis, Vietnam, Hungary, and the Berlin wall. The growth in weapons of mass destruction was the most concerning issue for many.

### CONFLICT

There was a clash of very different beliefs and ideology during the Cold War - capitalism (USA) versus communism (Soviet Union). Each side felt strongly about their beliefs. This was the basis for an ideological power struggle with both sides vying for dominance and expanding every opportunity for expansion anywhere in the world.

### WORLD WAR II

Despite the friendly relationship between the United States and the USSR during world war II, their relationships and after the war was anything but nice. It is difficult to believe they were ever in the chamber of the same door to world war II. America depicted the Soviet Union as almost the devil incarnate. The Soviet Union showed America a similar way, so their "friendship" during the war was simply the result of their mutual enemy - Nazi Germany.

### DISTRUST

The extreme distrust between America and the Soviet Union that existed during world war II was definitely present before the end of the war. The Soviet leader, Joseph Stalin, was distrustful of the Americans after the war. He was also told that the Nazis were going to invade the USSR. The first indication of the atomic bomb was when he received reports of the bombing of Hiroshima. Both sides continued to distrust each other throughout and after the war.

### TYPES OF WAR

- 1) **Hot War**: Actual warfare, all talks have failed and armed are fighting.
- 2) **Warm War**: Talks are still occurring and there is a chance of a peaceful outcome, however, troops have been fully mobilized and are ready for the possibility to fight.
- 3) **Cold War**: Term used to describe the relationship between America and the Soviet Union from 1945-1990. The sides did not actually fight but fought for their beliefs using proxy states who fought on their behalf. For example, South Vietnam was anti-communist and was supported by America during the Vietnam war, while North Vietnam was pro-communist and fought South Vietnam using weapons from Communist Russia and Communist China. In Afghanistan, America supported rebel Afghans after Soviet's invaded in 1979, while Americans were not physically involved, they avoided direct clash with the Soviet Union.

### WHY THE LACK OF TRUST?

AMERICA 	SOVIET UNION 
Free Elections	No Elections (or were rigged)
Democracy	Autocratic dictatorship
Capitalist	Communist
"Survival of the Fittest"	Everybody helps everybody
Racial superiority	Racial equality
Freedom of Press	Press controlled by the state (censorship)
Freedom of the media	Total censorship

### END OF THE COLD WAR

These two nations continued to have disputes until 1991 when the USSR fell. The Cold War somehow ended in destruction of the world, but luckily the two sides worked out their issues.
