Sibelius Volume III: 1914-1957 Erik Tawaststjerna,2012-04-19 Erik Tawaststjerna embarked on his monumental and acclaimed study of Jean Sibelius s life and music in 1960 and it occupied him for over a quarter of a century His study differs from other work on the composer in one important respect he had unrestricted access to the composer s papers diaries and letters as well as the advantage of numerous conversations with the composer s widow and other members of the family Thus his researches can justifiably claim to have thrown entirely fresh light on the great Finnish composer Far from the remote personality of the Sibelius legend Sibelius emerges as a highly colourful figure This third volume traces the composer s career from the outbreak of the First World War in 1914 which found him poised on the brink of the Fifth Symphony through to his death in 1957 It traces the genesis of the Fifth Symphony and gives a vivid portrait of Finland during the early years of independence and civil war Tawaststjerna relates in fascinating detail the composer s financial plight during these years and his struggles with his own psyche We follow his career through to the Seventh Symphony and Tapiola and the increasingly corrosive streak of self criticism which blighted Sibelius s last years and resulted in the destruction of the Eighth Symphony Translated by Robert Layton himself a Sibelius specialist this is a compelling and insightful account of the music of one of the twentieth century s greatest composers , *Dwight's Journal of Music* John Sullivan Dwight,1852 **Dwight's Journal of Music** ,1869 *In the Realm of Tones* Allen Shawn,2025 A poignant compelling and clear eyed memoir of a life in music with the dogged pursuit of composing at its center Perhaps no art form has ever splintered into as many factions genres languages philosophies and mutually exclusive audiences as the art of music did in the mid twentieth century Allen Shawn s memoir fascinatingly evokes this tumultuous time while weaving together his art and his life hinting at their unexpected and sometimes paradoxical interconnections Shawn grew up in an atmosphere of cultural privilege in New York City the son of

New Yorker editor William Shawn An instinctive composing prodigy at age ten it took him until the age of thirty to compose music he was proud of Shawn sketches his childhood and long apprenticeship his experiences composing for theater dance and concert hall his forty years as a teacher at Bennington College and his unexpected emergence as a writer The book balances an account of his musical evolution ups and downs and life choices offering glimpses into family life and of the many people with whom he interacted including Leon Kirchner Earl Kim Nadia Boulanger Pierre Petit Jacques Louis Monod J D Salinger John Updike Benny Goodman Louis Malle and Vivian Fine Along the way Shawn offers reflections on such issues as social class aging loneliness politics and music education In the Realm of Tones A Composer s Memoir is a unique and touching account of one individual s internal search for self expression and self understanding and of his effort to construct a life around it **Musical Opinion and Music Trade Review** ,1918 **La Follette's Weekly Magazine** ,1911
