weiss Estíbaliz Encarnación-Pinedo, Thomas Antonic, 2021-10-04 ruth weiss born in Berlin in 1928 to Austrian Jewish parents
 arrived in San Francisco in 1952 after hitchhiking through the United States Crowned years later as the Goddess of the Beat
 Generation by San Francisco Chronicle critic Herb Caen weiss has worked for almost seven decades with a plurality of
 artistic forms Despite her extensive poetry career and very active participation in the West Coast buzzing artistic community
 since the early 1950s weiss has remained an essentially overlooked figure in poetry history This neglect might be
 representative of the overshadowing of female artists within the Beat Generation as a marginalized group within an always
 already marginalized bohemia Johnson The volume taps directly into this lacuna by proving the first close study on one of the
 most prolific members of the so called Beat Generation Offering diverse and comprehensive points of entrance into weiss's
 oeuvre the essays in this volume adopt a multidisciplinary approach that attests to the cross pollination between art forms in
 postwar counterculture In addition the volume also includes shorter non academic contributions and previously unpublished
 archival material Bringing together scholars academics and artists from around the world this volume represents a timely
 and much needed response to the increasing interest in weiss's work in the last decades **The Art of Haiku** Stephen

 the way to twentieth century greats like Santoka It also focuses on an important aspect of traditional haiku that is less known
