Archives, Recordkeeping and Social Justice David A. Wallace, Wendy M. Duff, Renée Saucier, Andrew Flinn, 2020-05-10 Archives Recordkeeping and Social Justice expands the burgeoning literature on archival social justice and impact Illuminating how diverse factors shape the relationship between archives recordkeeping systems and recordkeepers this book depicts struggles for different social justice objectives Discussions and debates about social justice are playing out across many disciplines fields of practice societal sectors and governments and yet one dimension cross cutting these actors and engagement spaces has remained unexplored the role of recordkeeping and archiving To clarify and elaborate this connection this volume provides a rigorous account of the engagement of archives and records and their keepers in struggles for social justice Drawing upon multidisciplinary praxis and scholarship contributors to the volume examine social justice from historical and contemporary perspectives and promote impact methodologies that align with culturally responsive democratic Indigenous and transformative assessment Underscoring the multiplicity of transformative social justice impacts

influenced by recordmaking recordkeeping and archiving the book presents nine case studies from around the world that link the past to the present and offer pathways towards a more just future Archives Recordkeeping and Social Justice will be an essential reading for researchers and students engaged in the study of archives truth and reconciliation processes social justice and human rights It should also be of great interest to archivists records managers and information professionals

Need-Based Distributive Justice Stefan Traub, Bernhard Kittel, 2020-04-29 This book explores the foundations and potential of a theory of need based distributive justice supported by experimental evidence The core idea is that need based distributive justice may have some legitimacy advantages over other important principles of distribution like equality and equity and therefore involves less dispute over the distribution and redistribution of scarce resources In seven chapters eleven scholars from the fields of philosophy psychology sociology political science and economics outline the normative and positive building blocks of such a theory by critically reviewing the literature on distributive justice from their respective disciplinary perspectives They address important theoretical and practical issues concerning the rationality of needs identification at the individual level and the recognition of needs at the societal level They also investigate whether and how the dynamics of distribution procedures that allocate resources according to the need principle leads to social stability focusing on the economic incentives that arise from need based redistribution The final chapter provides a synthesis and outlines a framework for a theory of justice based on ten hypotheses derived from the insights presented Where Has Social Justice Gone? Emmanuelle Barozet, Ivan Sainsaulieu, Régis Cortesero, David Mélo, 2022-07-01 This book uses survey data in hot spots around the globe to analyse various models of social justice particularly the principle of equality from a pragmatic perspective Starting with ordinary actors social movements and concrete contexts the authors question foundations of social and political democracy in our times They focus on how social actors deal with the principles of justice and judgments of justice at work and in their social lives The book suggests that the increase in social inequalities in recent decades contrasts with the blurring of the aims of social justice At a time when the reconsideration of politics largely depends on its relevance to and aspirations for social justice the authors of this book question contemporary developments by illustrating its variety according to specific historical institutional social and organizational contexts The book will be useful to students and scholars in the social sciences especially those interested in moral questions regarding social justice from an empirical and practical point of view Socializing Justice Clara Sabbagh, 2023 This book offers a comprehensive view of the numerous roles of justice in three education spheres public and globalized schools nonformal education and the family It relies on the quantitative and ethnographic methodological traditions in these fields to identify controversies and illustrate how the forms of justice underlying educational spheres are universal yet sensitive to sociocultural variation Equality François Levrau, Noël Clycq, 2020-10-19 Equality as an ideal has a long history and while some progress has obviously been made the persistence of certain inequalities is remarkable In order to draw a detailed picture of equality's nature value

relevance and scope this book provides a multidisciplinary analysis Using a classic three part framework the book looks at the macro level broader systemic historical conceptual societal and European level the meso level concrete social institutions such as the labour market and the welfare state and the micro level of the individuals and their relations and thoughts about equality psychological reactions cultural depictions and sociological analyses The chapters not only provide an overview of the state of equality but also identify promising areas of future research and will be of interest to students and scholars across a number of fields including European studies history law political philosophy psychology sociology and economics

relationship and social scientists on each topic Wisdom gleaned from this research is translated into practical guidelines for transforming relationships gone awry into relationships that flourish

Legal Judgment and the Motivation for Justice

Richard L. Wiener, David J. Hansen, 2025-09-26 This volume takes as its point of departure that those who work in the area of law and psychology currently possess a great deal of knowledge about the psychology of the legal system including the way in which the behavior of legislators judges jurors attorneys litigants and defendants shapes the outcome of justice It has also become very clear that the main obstacles to beneficial modifications to the legal system stem from the lack of motivation to seek justice motivation to change legal process and motivation to make use of evidence based decision making The purpose of this volume is to examine the antecedents of the motivation for justice describe how that motivation activates and manifests in various legal institutions i e elections legislatures courts and executive offices and trace the failure of that motivation to influence legal decision making This will include research and commentary about a where the motivation for justice comes from when people make legal judgments and decisions b how the motivation for justice influences legal judgments and decisions and c how legal judgments and decisions influence the motivation for justice in positive and negative ways This topic is paramount at the current time in our history in view of the apparent breakdown of society s beliefs in our institutions and trust in the democratic process which has contributed to a system that has increasingly operated from tribalistic impulse rather than from a richer motivation for authentic justice

Mobilities, Mobility Justice and Social Justice

Nancy Cook, David Butz, 2018-10-03 This book offers a cutting edge overview of mobility mobility justice and social justice with contributions from a broad range of leading scholars Mobility justice is understood as a way to frame the entanglements of power and social exclusion in the mobilities of humans things and ideas as well as to differential and unequal access to movement and the ability to move The introductory chapters firmly ground the concept of mobility justice and social justice with the proceeding chapters covering a range of topics from race sexuality ferry justice and aeromobility justice animal mobilities design and food mobilities

Climate-Just Behavior

Susanne Stoll-Kleemann, Susanne Nicolai, 2024-06-21 This book highlights the obstacles to and potential for a just transformation as a way out of the current climate crisis This volume examines the barriers opportunities and incentives around the pursuit of climate just behavior based on a comprehensive interdisciplinary and integrative analysis It investigates how the gap between expressing concern about the climate crisis and giving it a high priority within the context of everyday behavior can be overcome At the same time it looks at the challenging politico economic framework conditions such as the strong economic growth and profit orientation of capitalism Although justice is a fundamental human motive which should induce climate just behavior system justification is common and makes people rather justify their unjust behavior In this book a general and systemic framework on human behavior is provided including internal factors such as knowledge and psychological needs external factors such as socio cultural and politico economic factors feedback loops and interactions The authors draw on multiple theories to

examine how denial and moral disengagement affect individual responsibility despite real world evidence of the climate crisis The book highlights the role of emotions in encouraging a pro environmental response and discusses solutions on both the individual and the collective level such as transparency laws Moreover making climate friendly options more accessible affordable and convenient facilitates behavior change more effectively Overall this book presents knowledge based realistic approaches to surmounting these obstacles in order to achieve a more climate just world Climate Just Behavior will be of great interest to students and scholars of climate change climate justice environmental geography and environmental psychology
