*No More Dreaded Mondays* Dan Miller, 2009-12-29 Is Your Job Making You Stupid Adam Smith author of *The Wealth of Nations* once wrote that a person who spends his life performing the same repetitive tasks generally becomes as stupid and ignorant as it is possible for a human creature to become Wow Now that s not a pretty picture Unfortunately much of our work today consists of those boring repetitive tasks But maybe you re one of the many who have gotten caught up in thinking work is just something you do to support your weekends Work is that necessary evil a means to an end or just a curse from God You probably take your role of providing for yourself and those depending on you seriously But you don t expect to enjoy your work you just do what has to be done Only now you re seeing that even loyalty and dependability bring no guarantees Lately you ve seen coworkers who have been let go after years of faithful service Perhaps your entire industry has been shaken by outsourcing or changing technology Maybe you re tired of the long commute and being tied to your desk when you know you could make your own hours and still be productive You may have ideas stirring that you think could create new income and time freedom But here comes another Monday Maybe
